APR 29 1992

Dear Mr. Perlberg:

Subject: Amendment
Hartz 2 in 1 Luster Bath Mousse for Dogs and Cats
EPA Reg. No. 2596-112
Submission: April 2, 1992

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. One copy of the finished labeling must be submitted prior to releasing the product for shipment.

Remove "(Nom)" from the ingredient statement.

Sincerely,

RFM

198 g

EFFECTIVE CLEANING
NEEDS NO WATER

SHAKE WELL

• kills fleas • kills ticks • kills lice when a problem • deodorizes • lanolizes
Hartz 2 in 1 Luster Bath Mousse kills fleas, ticks and lice on your pet while providing an effective cleaning action which requires no water. The luxurious foam lanolizes to help give your pet a lustrous coat and deodorizes to leave your pet smelling "bath fresh".

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Shake well before using. To kill fleas, ticks and lice, turn can upside down, point nozzle one inch from animal and press nozzle to release pulps of lather. Beginning at head and working toward the pet's hind quarters, rub the foam into the animal's coat. Treat face area by applying foam to fingertips and rubbing over face. After a few minutes, dry animal with a towel. Comb and brush animal for a clean lustrous coat. Repeat once a week if necessary. Kills fleas in 5 to 10 minutes. Ticks are tough - apply foam directly onto tick.

Storage and Disposal: Wrap empty container and put in trash collection.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Do not use near birds, fish or livestock. Do not spray in eyes of cats or dogs. Do not use on kittens or puppies under 6 weeks old. Wash hands thoroughly after use.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.
