NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) since you have agreed to:

1. In your FAX dated October 30, 1992, submit an acceptable acute inhalation study within nine months from the date of this registration notice.

2. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA sec. 3(c)(5) or FIFRA sec. 4 when the Agency requires all registrants of similar products to submit such data.

3. Make the labeling change listed below before you release the product for shipment:

- a. Add the phrase, "EPA Registration No. 2596-122."
- b. The phrase "Causes moderate eye irritation" is consistent with products classified as Category III for eye irritation. Therefore Precautionary Statements should read:

"Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling."

SIGNATURE OF APPROVING OFFICIAL

DATE

Robert 11-18-92

- c. According to PR-Notice 83-3 all aerosol household products must bear the following disposal statement (under the Storage and Disposal heading):

"Do not incinerate or puncture."
- d. Singularize Active Ingredients.
- e. According to our records the nominal concentration of Dupont's Technical Rabon is 98.8% pure. You should make the appropriate changes to your label and Confidential Statement of Formula.

4. Your acute dermal study is graded as core guideline and is placed in Category IV. Additional label revisions may be necessary upon submittance of an acceptable acute inhalation study.

5. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

INERT INGREDIENTS	100%

HARTZ 2 in 1® FLEA & TICK SPRAY FOR DOGS III

- Kills fleas ● Kills ticks, including the Deer Tick, carrier of Lyme Disease ● Kills lice when a problem ● Fast acting
- Unaffected by water ● Kills insects which reduces incidence of itching and scratching ● Contains no CFC's or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

SHAKE WELL BEFORE USE.

To kill fleas, ticks, and lice, thereby reducing incidence of itching and scratching, hold container 6 to 10 inches from the animal and spray lightly over the entire body. Do not spray in eyes. For best penetration of spray to the skin, direct spray against the natural lay of the hair to cause fluffing of the coat.

Under normal circumstances, repeat spray once every few days until infestation is brought under control, then repeat as necessary. For more prolonged flea and tick control, the animal's bedding, quarters, and surrounding area should also be sprayed lightly until damp to help prevent reinfestation.

Storage and disposal: Do not contaminate water, food or feed by storage and disposal. Wrap empty container and put in trash collection.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Avoid contact with eyes. Wash thoroughly with soap and water after handling. It is not advisable to use this product or similar pesticides on puppies less than 6 weeks of age.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STATEMENT OF PRACTICAL TREATMENT

If in Eyes: Rinse eyes with plenty of water. Call a physician if irritation persists.
