For more information about flea and tick problems and how to solve them, call 1-800-XXX-XXXX weekdays, 9AM-5PM E.S.T.

A mild concentrated shampoo formulated especially for dogs (cats). Effective yet gentle. Conditions dog's (cat's) coat and leaves it soft and manageable. Contains a special deodorant fragrance to overcome dog ("doggie")(cat) odors.

It is recommended that the pet's bedding or sleeping quarters be treated for flea and tick control with a product registered for this use, such as (Control Pet Care System® Home Flea & Tick Killer).

(Direction Statement #1 – when product is packaged as a standard shampoo)

To kill fleas, lice and ticks, including the Deer Tick, which may carry Lyme Disease, wet pet's (cat's)(dog's) coat thoroughly with water and rub shampoo into coat starting with head. Work backward until coat is completely covered with foamy lather. Let lather stay on 5 minutes, then rinse and towel dry. Repeat weekly (if necessary).

(Direction Statement #2 – when product is packaged with a hose end sprayer)

- (1.) Make sure water control knob on hose sprayer is in the "OFF" position.
- (2.) Hold (the product) by handle and shake gently, turning bottle as you shake it.
- (3.) Attach hose to spray nozzle.
- (4.) Bend safety tab down and turn control to "WATER" position.
- (5.) Slowly turn on the water supply to any appropriate flow rate and pre-dampen the entire dog (animal)(cat).
- (6.) Turn the control knob to the "ON" position (shampoo will automatically begin to mix with the water).
- (7.) Apply the shampoo starting with the head [be careful not to spray in the dog's (cat's) eyes] and work backwards until the coat is completely covered with shampoo.
- (8.) Turn the sprayer to the "OFF" position and rub the shampoo into the coat with your hands so that a foamy lather is produced.
- (9.) Turn the spray nozzle to the "WATER" position and thoroughly rinse the animal (cat)(dog).
- (10.) Turn the spray nozzle to the "OFF" position and disconnect from the hose for storage.

Every Pet's Best Friend™

Be sure to read full directions and precautions on the label of each product you use.

Remember to always read each product label and follow the directions carefully.

Step A Treat Your Pet

Important Information: The A B C's of Flea & Tick Management

Control Pet Care System® products are designed to work together in a complete insecticidal system. For elimination of fleas and ticks, it is necessary to treat not only the pet but also its surrounding environment. Use Control Pet Care System® products and follow these simple ABC's to get rid of fleas and ticks on your pet and around your home.

Step A Treat Your Pet with one of the Control Pet Care System® on animal products such as Conditioning Shampoo, Dip or Spray to kill fleas and ticks living on your pet.

Step B Protect Your Pet with a Control Pet Care System® Repellent or Ultimate Flea Collar™ with Rabon® and vIGRen® to keep fleas and ticks from reinfesting your pet. The Control Pet Care System® Ultimate Flea Collar™ will also prevent flea eggs from hatching.

Step C Treat Your Home both indoors and outdoors, with Control Pet Care System® Home Spray Killer or Fogger with vIGRen® and Control Pet Care System® Yard and Kennel Spray to protect your entire home and guard against reinfestation. The Control Pet Care System® Flea Trap will also serve to help break the flea life cycle by killing fleas in hard to reach areas in your home.

A – *Treat Your Pet* to kill fleas and ticks living on your pet.

B – *Protect Your Pet* to keep fleas and ticks from reinfesting your pet.

C – *Treat your Home* both indoors and outdoors, to protect your entire home and guard against reinfestation.
