READ ENTIRE LABEL BEFORE EACH USE.

General Precautions and Restrictions: USE ONLY ON DOGS

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands and exposed skin thoroughly with soap and water after handling.

Do not use on puppies under 6 weeks old. Consult a veterinarian before using this product on debilitated, aged, or medicated animals. Sensitivity may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Do not use near birds, fish or foodstuffs. If used on pregnant or nursing dogs, do not retreat until the puppies are at least 6 weeks old. Do not use this product simultaneously or within 30 days before or after treatment with or exposure to cholinesterase inhibiting drugs, pesticides or chemicals. However, flea and tick collars may be replaced immediately after use.

FIRST AID:

Contains an organophosphate that inhibits cholinesterase.  
If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice. Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

Note to Physicians and Veterinarians  
This product contains an organophosphate and may cause cholinesterase inhibition. Cholinergic symptoms may include salivation, miosis, incoordination, muscle fasciculation and/or weakness, vomiting, and diarrhea. Atropine is antidotal. 2-PAM may be effective as an adjunct to atropine. Call 1-800-275-1414 or your local Poison Control Center for further information.

DIRECTIONS FOR USE: It is a violation of Federal law in a manner inconsistent with its labeling.

Application Instructions  
SHAKE WELL BEFORE USE (USING)

1. Hold bottle upright 6 inches from pet. Direct spray towards pet and spray entire coat, pressing dispenser with quick short strokes. Move bottle to get even coverage of coat (until tips of hair are moist).
2. Apply lightly and rub into animal's coat. For longhaired dogs, ruffle hair for spray to reach skin.
3. Recommended Dosage: Spray 25 - 30 strokes for a small dog (e.g. Terrier). Spray 30 - 40 strokes for a medium dog (e.g. Spaniel). Spray 40-70 strokes for a large dog (e.g. Labrador). More spray may be needed for longhaired dogs.
4. Ticks are tough - spray directly.
5. After 10 minutes, dry dog with towel.
6. Comb and brush coat.
7. Repeat once a week. Use on bedding and other areas as needed.

Storage and Disposal:  
Pesticide Storage: Store at room temperature.  
Pesticide and Container Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Important Information: The ABC's of Flea & Tick Control: B - Protect your Pet

Control Pet Care system products are designed to work together in a complete insecticidal system. For elimination of fleas and ticks, it is necessary to treat not only the pet but also its surrounding environment. Use Control Pet Care System products and follow these simple ABC's to get rid of fleas and ticks on your pet and around your home.

Step A - Treat Your Pet (with one of the Control Pet Care System on-animal products such as Conditioning Shampoo, Dip, or Spray) to kill fleas and ticks living on your pet.

Step B - Protect Your Pet (with a Control Pet Care System Repellent or Ultimate Flea Collar™ with Rabon® and vIGRen®) to keep fleas and ticks from re-infesting your pet. (The Control Pet Care System® Ultimate Flea Collar™ will also prevent flea eggs from hatching.)

Step C - Treat your Home, both indoors and outdoors, (with Control Pet Care System™ Home Spray Killer or Fogger with vIGRen® and Control Pet Care System® Yard and Kennel Spray) to protect your entire home and guard against re-infestation. The Control Pet Care System® Flea Trap will also serve to help break the flea life cycle by killing fleas in hard-to-reach areas in your home.

Be sure to read full directions and precautions on the label of each product you use. For more information or help at any step, call our flea and tick experts at 1-800-275-1414, 9am - 5pm E.S.T..
