(Important Information - The ABC's of Flea & Tick Management)

(A **Treat Your Pet** with one of the Control Pet Care System® on-animal products such as Conditioning Shampoo, Dip or Spray to kill fleas and ticks living on your pet.)

(B **Protect Your Pet** with a Control Pet Care System® Repellent or Ultimate Flea Collar™ with Rabon® and vIGRen® to keep fleas and ticks from reinfesting your pet. The Control Pet Care System® Ultimate Flea Collar™ will also prevent flea eggs from hatching.)

(C **Treat Your Home** both indoors and outdoors, with Control Pet Care System® Home Spray or Fogger with vIGRen® and Control Pet Care System® Yard and Kennel Spray to protect your entire home and guard against reinfestation. The Control Pet Care System™ Flea Trap will also serve to help break the flea life cycle by killing fleas in hard to reach areas in your home.)

(Be sure to read full directions and precautions on the label of each product you use.)

(For more information and help at any step, call our flea & tick experts at 1-800-275-1414, 9am - 5 pm Eastern Standard Time.)

Rabon is a registered trademark for Tetrachlorvinphos
vIGRen is a registered trademark of Sandoz Ltd.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

DO NOT USE ON CATS

(Note: this statement to be used on 1cc package)

FOR SMALL DOGS (less than 30 pounds) (This product is packaged in single dosage ampules. One ampule (1 cc) is the correct dosage for a small dog) (This product contains an ampule inside a vial.) Point tip (of ampule) up and away from your face. Squeeze the middle of the tube to break the ampule. Position the tip of the tube (Press the tip of the tube) on the dog's back between the shoulder blades and squeeze tube to apply entire contents of the ampule (1cc) to the animal (...to push the entire contents of the ampule (1cc) through tip of the tube onto the animal.

BACK PANEL (continued...)

(Note: this statement to be used on 2cc package)

FOR LARGE DOGS (30 lbs. and larger): (This product is packaged in single dosage ampules. One ampule (2 cc) is the correct dosage for a large dog.) (This product contains an ampule (2cc) inside a vial.) Point (the tip of the entire vial up) tip up and away from your face. Squeeze the middle of the tube to break the ampule. Position the tip of the tube (Press the tip of the tube) on the dog's back between the shoulder blades and squeeze the tube to apply the contents from the ampule to the dog until the contents level reaches the 1/2 mark indicated on the tube. Invert the vial upright. (Tip pointing up) and go to the dog's tail. Position the tip of the tube (on the dog's back) at the base of the dog's tail and squeezing the tube, apply the remaining contents to the dog's back at the base of the tail.

[(As with all flea and tick products, they are) (One Spot is) most effective when used as part of a total program aimed at reducing fleas and ticks in the dog's environment.] Be sure to treat the animal's bedding and surroundings with products registered for these uses, such as the Hartz Control Pet Care System line of products.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage and disposal. Store in a cool, dry place. Do not reuse empty tube. Wrap and discard in trash.
