Important Information About Flea Control

To minimize flea infestation, it is necessary to treat not only your pets, but their surrounding environment. Zodiac Products containing PRECOR Insect Growth Regulator and an adulticide have been formulated to work together. For best results, simply follow these four easy steps:

STEP 1

Shampoo, Mousse or Dip your pet

- A Shampoo, mousse or dip will kill biting adult fleas on your pet.
- Zodiac Fleatrol products in Step 1 kill adult fleas and flea eggs with a combination of PRECOR Insect Growth Regulator and an adulticide.

STEP 2

Place a collar on your pet

- A Zodiac collar will provide long-lasting protection.
- This collar kills flea eggs & biting adult fleas.

STEP 3

Treat the Areas your Pet Frequents

- Use a Zodiac aerosol, fogger or spray to kill adult fleas and flea larvae in your home. Zodiac Fleatrol products in Step 3 kill adult fleas and flea eggs with a combination of PRECOR Insect Growth Regulator and an adulticide. The Zodiac Fleatrol Yard Spray Concentrate kills flea larvae in your yard.
- Follow individual product directions to kill additional fleas which may later emerge from protected cocoons.

STEP 4

Maintain your Flea-Free Pet

- Use a Zodiac on-animal spray to kill any fleas your pet picks up on outings.
- Zodiac Fleatrol products in Step 4 kill adult fleas and flea eggs using a combination of PRECOR Insect Growth Regulator and an adulticide.

For Best Results - Follow these steps in order.

Be sure to read full directions and precautions on the label of each product that you use.

VET KEM

Important Information - 3 Simple Steps of Flea & Tick Control

Vet-Kem products are designed to work together in a complete insecticidal system. For total control of fleas and ticks, it is necessary to treat not only the pet, but also its surrounding environment. Use Vet-Kem products to follow these 3 Simple Steps for control of fleas and ticks on your pet and around your home.

Step 1 Treat Your Pet...

with one of Vet-Kem's on-animal products containing PRECOR Insect Growth Regulator (IGR) to stop hatching flea eggs from developing into biting adults.

Step 2 Protect Your Pet...

with a Vet-Kem flea & tick collar to keep fleas from reinfesting your pet. The Ovitrol Plus Complete Collar will also prevent flea eggs from hatching.

Step 3 Treat Your Home...

both indoors and outdoors, with Vet-Kem home and yard spray containing PRECOR IGR to protect your entire home and guard against reinfestation.

Be sure to read full directions and precautions on the label of each product that you use.
