OFFICE OF
PREVENTION, PESTICIDES
AND TOXIC SUBSTANCES

Ms. Heather Masch
The Hartz Mountain Corporation
400 Plaza Drive
Secaucus, NJ 07094-3688

MAY 11 2010

Subject: Label Notification(s) for Pesticide Registration 2007-4

Dear Ms. Masch:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 dated for April 7, 2010 for:

EPA Registration Number: 2596-139 Hartz Rabon Collar with Methoprene

The Registration Division (RD) has conducted a review of this request for applicability Under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact Melody Banks on 703 305-5413.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Gebken".

Richard Gebken
Product Manager
Insecticide Branch
Registration Division (7504P)

Please read instructions on reverse before completing form.

Form Approved, MB No. 2070-0060, Approval expires 2-28-95

Attention: Mr. Richard Gebken (PM # 10)
RE: Hartz Rabon Collar with Methoprene
EPA Reg. No. 2596-139
Addition of optional marketing statements per PR Notice 98-10

Dear Mr. Gebken:

The Hartz Mountain Corporation, 400 Plaza Drive, Secaucus, NJ 07094-3688 is filing this notification to add new optional marketing statements for the product **Hartz Rabon collar with Methoprene, EPA Reg. No. 2596-139.**

The Hartz Mountain Corporation is submitting the following information:

- A completed application (EPA Form 8570-1) and;
- Three copies of the proposed notification label.

"This notice is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR §152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA."

If you have any questions or need additional information, please feel free to contact me at (201) 271-4800, ext. 7036 or hmasch@hartz.com.

Sincerely,

Heather Masch
Regulatory Affairs Associate

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID

Contains an organophosphate that inhibits cholinesterase.

IF SWALLOWED: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. You may also contact 1-800-275-1414 for emergency medical treatment information.

Note to Physicians and Veterinarians: This product contains tetrachlorvinphos (an organophosphate) which is a cholinesterase inhibitor. Cholinergic symptoms may include salivation, miosis, incoordination, muscle fasciculation and/or weakness, vomiting and diarrhea.

Hartz® Rabon® Collar with Methoprene

4/7/10

EPA Reg. No.: 2596-139

MASTER LABEL BASED ON 12/16/02 EPA STAMPED APPROVED LABEL

Atropine is antidotal. 2-PAM may be effective as an adjunct to atropine. Call (The Hartz Mountain Corporation at) 1-800-275-1414 or your local Poison Control Center for further information.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

REMOVE COLLAR FROM PACKAGE, UNROLL AND STRETCH TO ACTIVATE INSECTICIDE GENERATOR. As the collar begins to work, a fine white powder will appear on the surface.

Do not use on (puppies under 6 weeks old) (kittens under 12 weeks old). Do not unroll collar until ready to use. Place the Hartz® (brand name) (collar) around the (dog's)(puppy's)(dog's or puppy's) (cat's)(kitten's)(cat's or kitten's) neck, adjust for proper fit, and buckle in place. The collar must be worn loosely to allow for growth of the (cat) (dog) (animal) and to permit the collar to move (around)(about) the neck. (Generally,) A properly fitted collar is one that, when fastened, will snugly slide over the pet's head. Leave 2 or 3 inches on the collar for extra adjustment and cut off and dispose of the extra length.

Consult a veterinarian before using this product on debilitated, aged, or medicated animals. If used on pregnant or nursing (dogs)(cats), do not replace collar until the (puppies are at least 6 weeks old)(kittens are at least 12 weeks old).

Sensitivity may occur after using ANY pesticide product for pets. Some animals may become irritated by any collar if it is applied too tightly. If this occurs, loosen the collar. If irritation continues, remove the collar from the animal. If signs of sensitivity occur, (remove the collar and) bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Do not use this product on animals simultaneously or within 30 days before or after treatment with or exposure to cholinesterase inhibiting drugs, pesticides, or (similar) chemicals. However, flea and tick collars may be immediately replaced (with new collars).

This collar is intended for use only as an insecticide/IGR generator.

The collar will begin to kill fleas, ticks and flea eggs and larvae immediately. Its full protection against harder to kill ticks will be built up within a few days after being placed on the pet. For continuous (flea and tick) protection under normal conditions replace the collar every (seven)(7) months. Under conditions where pets are exposed to severe flea and tick infestations, it may be necessary to replace the collar more frequently.

Wetting will not impair the collar's effectiveness or the pet's protection. If the pet goes swimming or is out in the rain it is not necessary to remove the collar. The Hartz® (brand name) (collar) may be worn with a regular collar.
