OFFICE OF CHEMICAL SAFETY  
AND POLLUTION PREVENTION

September 8, 2016

Mr. Robert Rosenwasser  
The Hartz Mountain Corporation  
400 Plaza Drive  
Secaucus, NJ 07094-3688

Subject: Label Amendment – Addition of Alternate Brand Names, Optional Marketing Statements & Various Edits Throughout Label  
Product Name: Hartz® Rabon® Collar with Methoprene  
EPA Registration Number: 2596-139  
Application Date: August 16, 2016  
Decision Number: 520399 & 520417

Dear Mr. Rosenwasser:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Page 2 of 2  
EPA Reg. No. 2596-139  
Decision No. 520399 & 520417

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Betty R. Williams by phone at (703) 308-0132, or via email at [Williams.BettyR@epa.gov](mailto:Williams.BettyR@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Gebken". The signature is fluid and cursive, with a long horizontal stroke at the end.

Richard Gebken  
Product Manager 10  
Invertebrate & Vertebrate Branch 2  
Office of Pesticide Programs

*Enclosure: Amended Master Label Stamped "Accepted," dated September 8, 2016*

## Hartz® Rabon® Collar with Methoprene

Secaucus, NJ 07094 (U.S.A.)

**READ ENTIRE LABEL BEFORE EACH USE**  
**USE ONLY ON (DOGS) (CATS) (DOGS and CATS)**

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

**HAZARDS TO HUMANS:** Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

**HAZARDS TO DOMESTIC ANIMALS:** Do not use on kittens or puppies less than 12 weeks of age. Consult a veterinarian before using this product on debilitated, aged, or medicated animals. If used on pregnant or nursing (dogs)(cats), do not replace collar until the (puppies are at least **12** weeks old) (kittens are at least **12** weeks old). Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant, or nursing animals. Sensitivity may occur after using ANY pesticide product for pets. Some animals may become irritated by any collar if it is applied too tightly. If this occurs, loosen the collar. If irritation continues, remove the collar from the animal. If signs of sensitivity occur, (remove the collar and) bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Do not use this product on animals simultaneously or within 30 days before or after treatment with or exposure to cholinesterase inhibiting drugs, pesticides, or (similar) chemicals. However, flea and tick collars may be immediately replaced (with new collars).

### **FIRST AID**

Contains an organophosphate that inhibits cholinesterase.

**IF SWALLOWED:** Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. You may also contact 1-800-275-1414 for emergency medical treatment information, twenty-four (24) hours a day, seven (7) days a week.

**Note to Physicians and Veterinarians:** This product contains tetrachlorvinphos (an organophosphate) which is a cholinesterase inhibitor. Cholinergic symptoms may include salivation, miosis, incoordination, muscle fasciculation and/or weakness, vomiting and diarrhea. Atropine is antidotal. 2-PAM may be effective as an adjunct to atropine. Call (The Hartz Mountain Corporation at) 1-800-275-1414 or your local Poison Control Center for further information.

### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**REMOVE COLLAR FROM PACKAGE, UNROLL AND STRETCH TO ACTIVATE INSECTICIDE GENERATOR.** As the collar begins to work, a fine white powder will appear on the surface.

Do not use on (puppies under **12** weeks old) (kittens under **12** weeks old). Do not unroll collar until ready to use. Place the (brand name) (collar) around the (dog's)(puppy's)(dog's or puppy's) (cat's)(kitten's)(cat's or kitten's) neck, adjust for proper fit, and buckle in place. The collar must be worn loosely to allow for growth of the (cat) (dog) (animal) and to permit the collar to move (around)(about) the neck. (Generally,) A properly fitted collar is one that, when fastened, will snugly slide over the pet's head. Leave 2 or 3 inches on the collar for extra adjustment and cut off and dispose of the extra length.

This collar is intended for use only as an insecticide/IGR generator.

The collar will begin to kill fleas, ticks and flea eggs and larvae immediately. Its full protection against harder to kill ticks will be built up within a few days after being placed on the pet. For continuous (flea and tick) protection under normal conditions replace the collar every (seven)(7) months. Under conditions where pets are exposed to severe flea and tick infestations, it may be

**MASTER LABEL**

---

necessary to replace the collar more frequently.

Wetting will not impair the collar's effectiveness or the pet's protection. If the pet goes swimming or is out in the rain it is not necessary to remove the collar. The (brand name) (collar) may be worn with a regular collar.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage and disposal.

**Pesticide Storage:** Store this product in a cool, dry place that is inaccessible to children.

**Pesticide Disposal: If empty:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

For more information (about flea and tick problems) (and how to solve them), call our experts at 1-800-275-1414 (weekdays, 9am-5pm)(E.S.T.)
