WASHINGTON, DC 20460

OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

January 19, 2022

Mr. Joe Conti
Senior Director
Regulatory Affairs, Research & Development
The Hartz Mountain Corporation
400 Plaza Drive
Secaucus, NJ 07094-3688

Subject: Notification per PRN 98-10 –Addition of Optional Word “Insert” to Label
Product Name: Hartz Rabon Collar with Methoprene
EPA Registration Number: 2596-139
Application Date: August 19, 2021
Decision Number: 580730

Dear Mr. Conti:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

EPA Est. No.

Made [in the U.S.A.] by

The Hartz Mountain Corporation

400 Plaza Drive

Secaucus, NJ 07094 (U.S.A.)

READ ENTIRE LABEL BEFORE EACH USE

USE ONLY ON DOGS [CATS] [DOGS and CATS] [DOGS & CATS] [DOGS & PUPPIES at least 12 weeks old] [CATS & KITTENS 12 weeks old weighing greater than 5lbs.]

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

HAZARDS TO HUMANS: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

HAZARDS TO DOMESTIC ANIMALS:

{Note to Reviewer: The following Restrictions statement will appear on ALL final printed labels for collars sold to dogs and/or puppies.}

Restrictions: Do not use on puppies less than 12 weeks of age. Consult a veterinarian before using this product on debilitated, aged, or medicated animals. If used on pregnant or nursing dogs, do not replace collar until the puppies are at least **12** weeks old.

Hartz[®] Rabon[®] Collar with Methoprene

June 11, 2021 August 19, 2021

EPA Reg. No. 2596-139

MASTER LABEL

{Note to Reviewer: The following Restrictions statement will appear on ALL final printed labels for collars sold to cats and kittens.}

Restrictions: Do not use on kittens less than 12 weeks or age and less than 5 lbs. Consult a veterinarian before using this product on debilitated, aged, or medicated animals. If used on pregnant or nursing cats, do not replace collar until the kittens are at least 12 weeks old and weight greater than 5 lbs.]

Do not use this product on animals simultaneously or within 30 days before or after treatment with or exposure to cholinesterase inhibiting drugs, pesticides, or [similar] chemicals.

Precautions: Sensitivity may occur after using ANY pesticide product for pets. Some animals may become irritated by any collar if it is applied too tightly. If this occurs, loosen the collar. If irritation continues, remove the collar from the animal. If signs of sensitivity occur, [remove the collar and] bathe your cat [dog] with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

FIRST AID

Contains an organophosphate that inhibits cholinesterase.

IF SWALLOWED: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. You may also contact 1-800-275-1414 [-1800-234-2269] [1-800-781-4738] for emergency medical treatment information, twenty-four [24] hours a day, seven [7] days a week.

Note to Physicians and Veterinarians: This product contains Tetrachlorvinphos (an organophosphate) which is a cholinesterase inhibitor. Cholinergic symptoms may include salivation, miosis, incoordination, muscle fasciculation and/or weakness, vomiting and diarrhea. Atropine is antidotal. 2-PAM may be effective as an adjunct to atropine. Call The Hartz Mountain Corporation at 1-800-275-1414 [1-800-234-2269] [1-800-781-4738] or your local Poison Control Center for further information.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Restrictions:

{Note to Reviewer: The following sentence will appear on ALL final printed labels on product packages sold for dogs and/or puppies:}

Do not use on puppies under **12** weeks old. Do not unroll collar until ready to use.

{Note to Reviewer: The following sentence will appear on ALL final printed labels on product packages sold for cats and/or kittens:}

Do not use on kittens under **12** weeks old and less than 5 lbs. Do not unroll collar until ready to use.

This collar is intended for use only as an insecticide.

Application Instructions:

REMOVE THE COLLAR FROM PACKAGE, UNROLL AND STRETCH TO ACTIVATE THE INSECTICIDE.

Place the collar around the dog's [puppy's][dog's or puppy's] [cat's] [kitten's] [cat's or kitten's] neck, adjust for proper fit, and buckle in place. The collar must be worn loosely to allow for growth of the cat [dog] and to permit the collar to move around [about] the neck. A properly fitted collar is one that, when fastened, will snugly slide over the cat's [dog's] head. Leave 2 or 3 inches on the collar for extra adjustment and cut off and dispose of the extra length.

The collar will begin to kill fleas, ticks and flea eggs and larvae immediately. Its full protection against harder to kill ticks will be built up within a few days after being placed on the cat [dog]. For continuous [flea and tick] protection under normal conditions replace the collar every seven [7] months. Under conditions where cats [dogs] are exposed to severe flea and tick infestations, it may be necessary to replace the collar more frequently. However, do not replace the collar any earlier than 5 months.

Wetting will not impair the collar's effectiveness or the cat's [dog's] protection. If the cat [dog] goes swimming or is out in the rain it is not necessary to remove the collar. The collar may be worn with a regular collar.

Hartz® Rabon® Collar with Methoprene

June 11, 2021 August 19, 2021

EPA Reg. No. 2596-139

MASTER LABEL

[ALTERNATE DIRECTIONS FOR USE with Decorative Collars (with [mesh] [net] [screen] [web] underside)] *{Option 2}*

{Note to Reviewer: The following text, beginning with the sentence, “The {brand name} collar may be worn with a regular collar”, contain Optional Directions for Use with Decorative Collars and will only appear on end use label when package contains Decorative Collar[s].}

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Restrictions:

{Note to Reviewer: The following sentence will appear on ALL final printed labels on product packages sold for dogs and/or puppies:}

Do not use on puppies under **12** weeks old. Do not unroll collar until ready to use.

{Note to Reviewer: The following sentence will appear on ALL final printed labels on product packages sold for cats and/or kittens:}

Do not use on kittens under **12** weeks old and less than 5 lbs. Do not unroll collar until ready to use.

The collar [collar insert] is intended for use only as an insecticide.

Application Instructions:

Remove collar insert from package. Unroll and stretch to activate insecticide. Place the collar around the dog's [puppy's] [dog's or puppy's] [cat's] [kitten's] [cat's or kitten's] neck, adjust for proper fit, and buckle in place. The collar must be worn loosely to allow for growth of the cat [dog] and to permit the collar to move around [about] the neck. A properly fitted collar is one that, when fastened, will snugly slide over the cat's [dog's] head. Leave 2 or 3 inches on the collar for extra adjustment and cut off and dispose of the extra length. Slide collar insert into collar.

The collar will begin to kill fleas, ticks and flea eggs and larvae immediately. Its full protection against harder to kill ticks will be built up within a few days after being placed on the cat [dog]. For continuous [flea and tick] protection under normal conditions replace the collar every seven [7] months. Under conditions where cats [dogs] are exposed to severe flea and tick infestations, it may be necessary to replace the collar more frequently. However, do not replace the collar earlier than 5 months.

Wetting will not impair the collar's effectiveness or the cat's [dog's] protection. If the cat [dog] goes swimming or is out in the rain it is not necessary to remove the collar. The collar may be worn with a regular collar.

[ALTERNATE DIRECTIONS FOR USE] {Option 3}

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Restrictions:

{Note to Reviewer: The following sentence will appear on ALL final printed labels on product packages sold for dogs and/or puppies:}

Do not use on puppies under **12** weeks old. Do not unroll collar until ready to use.

{Note to Reviewer: The following sentence will appear on ALL final printed labels on product packages sold for cats and/or kittens:}

Do not use on kittens under **12** weeks old and less than 5 lbs. Do not unroll collar until ready to use.

Remove collar from package [pouch] directly before use. Unroll collar making sure all plastic connectors inside the collar are removed. Place the collar around the dog's [puppy's] [dog's or puppy's] [cat's] [kitten's] [cat's or kitten's] neck, adjust for proper fit, without tightening or leaving it too loose. A properly fitted collar is one that, when fastened, will snugly slide over the cat's [dog's] head. As a guide, it should be possible to insert 2 fingers comfortably between the collar and the neck. Pull excess collar through the loop(s) [buckle]. Leave about 1 inch beyond the loop[s] [buckle] on the collar for extra adjustment and cut off and dispose of the extra length. For growing puppy [kitten] leave an additional inch for adjustment as cat [dog] grows.
