SUBJECT: Applications for Pesticide Notification – Add Optional Marketing Statements
Hartz® Rabon Collar with Methoprene
EPA Reg. No. 2596-139
/ Hartz® Rabon Spray with Methoprene Pump Formulation
EPA Reg. No. 2596-140
Hartz® Ref #111
EPA Reg. No. 2596-149
Applications Dated July 9, 2007

Dear Mr. Rosenwasser:

The Agency is in receipt of your Applications for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above products. The Registration Division (RD) has conducted a review of these requests for their applicability under PRN 98-10 and finds that the actions requested fall within the scope of PRN 98-10. The labels submitted with the applications have been stamped "Notification" and will be placed in our records.

If you have any questions, please contact me directly at 703-305-6249 or Terri Stowe of my staff at 703-305-6117.

Sincerely,

Linda Arrington

NOTIFICATION

AUG 24 2007

Attention: Mr. Richard Gebken (PM # 10)
RE: HARTZ Rabon Spray with Methoprene Pump Formulation
EPA Reg. No. 2596-140
Addition of optional marketing statements per PR Notice 98-10

Dear Mr. Gebken:

The Hartz Mountain Corporation, 400 Plaza Drive, Secaucus, NJ 07094-3688 is filing this notification to add optional marketing statements for the product.

The Hartz Mountain Corporation is submitting the following information:

- A completed application (EPA Form 8570-1) and;
- Three copies of the proposed notification label.

"This notice is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR §152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA."

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Rosenwasser".

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Do not use on (puppies) (kittens) (puppies or kittens) under 12 weeks of age. Do not spray in eyes. To prevent harm to you or your pet, read entire label before use. Consult a veterinarian before using this product on debilitated, aged, pregnant, nursing, or medicated animals. Sensitivity may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

ENVIRONMENTAL HAZARDS: This product is toxic to aquatic invertebrates. Using it in a manner other than that described by this label could result in harm to aquatic invertebrates.

FIRST AID: Contains an organophosphate that inhibits cholinesterase.

If swallowed: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a Poison Control Center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call (1-800-275-1414 or) a Poison Control Center or doctor for treatment advice (if irritation persists).

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

NOTE TO PHYSICIANS AND VETERINARIANS: This product contains an organophosphate and may cause cholinesterase inhibition. Cholinergic symptoms may include salivation, miosis, incoordination, muscle fasciculation and/or weakness, vomiting, and diarrhea. Atropine is antidotal. 2-PAM may be effective as an adjunct to atropine. Call (1-800-275-1414 or) a Poison Control Center for further information.

(Remember to always read each product label and follow directions carefully.)

6/9

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL BEFORE EACH USE USE ONLY ON (DOGS) (CATS) (DOGS OR CATS)

SHAKE WELL BEFORE USE: To kill and repel fleas, ticks and lice for (7 days) (1 week), (thereby reducing incidence of itching and scratching) and to kill flea eggs and prevent their hatching for over (1 month) (28 days) (4 weeks), hold container upright 6 to 10 inches from the animal and spray lightly over the entire body (, pressing the dispenser with quick short strokes).

Move spray to get even coverage of coat until tips of hair are moist. Do not spray in eyes. Apply lightly and rub into coat. Ruffle hair for spray to reach skin. Once sprayed, fleas will be killed within 5 to 10 minutes. Ticks are tough—spray directly. In addition to controlling fleas and ticks, this product leaves your pet's coat soft, glossy, and manageable.

Under normal circumstances, to kill adult fleas and ticks, repeat spray once every few days until infestation is brought under control. For more prolonged flea and tick control, the animal's bedding, quarters and surrounding area should also be sprayed lightly until damp to help prevent reinfestation.

STORAGE AND DISPOSAL:

Storage: Store at room temperature. **Disposal:** Do not reuse this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

For more information (about flea and tick problems and how to solve them) call (our flea and tick experts at) 1-800-275-1414 weekdays, 9am-5pm (E.S.T.) (Eastern Time).

- Kills the deer tick, which may carry Lyme disease
- Kills the Rocky Mountain wood tick, which may carry Rocky Mountain spotted fever.
- Direct treatment
- Patented formula

(Hartz® Rabon® Spray with Methoprene) (this product) (product name) contains [both an insecticide to kill and repel adult fleas and ticks and an insect growth regulator (IGR) to kill flea eggs before they hatch] [an insecticide which kills and repels adult fleas and ticks, and a long lasting insect growth regulator (IGR) which prevents flea eggs from hatching and larvae from maturing into adults]. Adult fleas spend virtually all of their time on your pet, but they produce vast numbers of eggs, which drop off the pet and develop in the environment. [(Hartz® Rabon® Spray with Methoprene) (this product) (product name) kills flea eggs and larvae before they drop off your pet.] Once fleas are apparent on your pet, there is already an infestation of their pre-adult stages in your home. Normal insecticides will not kill the flea eggs. But (Hartz® Rabon® Spray with Methoprene) (this product) (product name) is designed to kill both the adult flea and its eggs and larvae, thereby breaking the flea life cycle. The spray will also break the tick life cycle by killing adult ticks, including the deer tick, which may carry Lyme disease, and the Rocky Mountain tick, which may carry Rocky Mountain spotted fever.

IMPORTANT INFORMATION:

The ABC's of Flea & Tick Management

(Control Pet Care System) (this product) (product name) products are designed to work together in a complete insecticidal system. For elimination of fleas and ticks, it is necessary to treat not only the pet but also its surrounding environment. Use (Control Pet Care System) (this product) (product name) products and follow these simple ABC's to get rid of fleas and ticks on your pet and around your home.

STEP A—TREAT YOUR PET with one of the (Control) (this product) (product name) such as Conditioning Shampoo, Dip, Powder or Spray. Use a (Control) (this product) (product name) product containing vIGRen®, an insect growth regulator (IGR) to also stop hatching flea eggs from developing into biting adults.

9/9

OPTIONAL/ALTERNATE LABEL TEXT, continued

STEP B—PROTECT YOUR PET with a (Control) (this product) (product name) repellent or flea and tick collar to keep fleas and ticks from reinfesting your pet. The (Control Pet Care System Ultimate Flea Collar) (this product) (product name) will also prevent flea eggs from hatching.

STEP C—TREAT YOUR HOME both indoors and outdoors with (Control Pet Care System) (this product) (product name) Home Flea & Tick Killer or Fogger with vIGRen®, and (Control Pet Care System) (this product) (product name) Yard and Kennel Spray to protect your entire home and guard against reinfestation. The (Control Pet Care System) (this product) (product name) Flea Trap will also serve to help break the flea life cycle by killings fleas in hard to reach areas in your home. Be sure to read full directions and precautions on the label of each product you use.

The Stress-Free System For Controlling Fleas & Ticks

On Animal Protection

Relief for your pet

Use (Releve Pet Protection System) (product name) Conditioning Shampoo, Dip, Spray, or Powder to kill fleas and ticks living on your pet.

Repellent

Keep fleas and ticks off your pet

Prevent any more fleas and ticks from coming onto your pet by spraying your pet with (Releve Pet Protection System Repellent for Dogs or Repellent for Cats) (product name).

Continuous Protection

Long-term protection for your pet

Keep fleas and ticks from reinfesting your pet with (Releve Pet Protection System 7-Month Flea & Flea Egg Collar with vIGRen® (product name), which will prevent flea eggs from hatching and Rabon® to kill adult fleas and ticks.

Home & Yard

Protect your home and yard

Kill fleas and ticks around your home with (Releve Pet Protection System) (product name) Carpet Powder, Yard and Kennel Spray, Home Flea & Tick Killer and Home Fogger.

Remember to always read each product label and follow the directions carefully.

RE: Addition of Optional Marketing Statements
EPA Registration Number: 2596-140
Date of Submission: July 23, 2007

Dear Mr. Rosenwasser:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated July 23, 2007, for the product Hartz Rabon Spray with Methoprene Pump Formulation. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the actions requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-6249 or Joyce Edwards of my staff at 703-308-5479.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Arrington".

(Hartz® Rabon® Spray with Methoprene) (this product) (product name) contains [both an insecticide to kill and repel adult fleas and ticks and an insect growth regulator (IGR) to kill flea eggs before they hatch] [an insecticide which kills and repels adult fleas and ticks, and a long lasting insect growth regulator (IGR) which prevents flea eggs from hatching and larvae from maturing into adults]. Adult fleas spend virtually all of their time on your pet, but they produce vast numbers of eggs, which drop off the pet and develop in the environment. [(Hartz® Rabon® Spray with Methoprene) (this product) (product name) kills flea eggs and larvae before they drop off your pet.] Once fleas are apparent on your pet, there is already an infestation of their pre-adult stages in your home. Normal insecticides will not kill the flea eggs. But (Hartz® Rabon® Spray with Methoprene) (this product) (product name) is designed to kill both the adult flea and its eggs and larvae, thereby breaking the flea life cycle. The spray will also break the tick life cycle by killing adult ticks, including the deer tick, which may carry Lyme disease, and the Rocky Mountain tick, which may carry Rocky Mountain spotted fever.

IMPORTANT INFORMATION:

The ABC's of Flea & Tick Management

(Control Pet Care System) (this product) (product name) products are designed to work together in a complete insecticidal system. For elimination of fleas and ticks, it is necessary to treat not only the pet but also its surrounding environment. Use (Control Pet Care System) (this product) (product name) products and follow these simple ABC's to get rid of fleas and ticks on your pet and around your home.

STEP A—TREAT YOUR PET with one of the (Control) (this product) (product name) such as Conditioning Shampoo, Dip, Powder or Spray. Use a (Control) (this product) (product name) product containing vIGRen®, an insect growth regulator (IGR) to also stop hatching flea eggs from developing into biting adults.

OPTIONAL/ALTERNATE LABEL TEXT, continued

STEP B—PROTECT YOUR PET with a (Control) (this product) (product name) repellent or flea and tick collar to keep fleas and ticks from reinfesting your pet. The (Control Pet Care System Ultimate Flea Collar) (this product) (product name) will also prevent flea eggs from hatching.

STEP C—TREAT YOUR HOME both indoors and outdoors with (Control Pet Care System) (this product) (product name) Home Flea & Tick Killer or Fogger with vIGRen®, and (Control Pet Care System) (this product) (product name) Yard and Kennel Spray to protect your entire home and guard against reinfestation. The (Control Pet Care System) (this product) (product name) Flea Trap will also serve to help break the flea life cycle by killings fleas in hard to reach areas in your home. Be sure to read full directions and precautions on the label of each product you use.

Attention: Mr. Richard Gebken (PM # 10)
RE: HARTZ Rabon Spray with Methoprene Pump Formulation
EPA Reg. No. 2596-140
Addition of optional marketing statements per PR Notice 98-10

Dear Mr. Gebken:

The Hartz Mountain Corporation, 400 Plaza Drive, Secaucus, NJ 07094-3688 is filing this notification to add optional marketing statements for the product.

The Hartz Mountain Corporation is submitting the following information:

- A completed application (EPA Form 8570-1) and;
- Three copies of the proposed notification label.

"This notice is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR §152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA."

Sincerely,

Robert Rosenwasser
Director, Regulatory Affairs
