

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (87505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number: 2596-147

Date of Issuance: MAY 14 1998

NOTICE OF PESTICIDE:
[X] Registration
Reregistration

(under FIFRA, as amended)

Term of Issuance: 000
Unconditional

Name of Pesticide Product:
Hartz Ref. 114

Name and Address of Registrant (include ZIP Code)

Hartz Mountain Corp
400 Plaza Drive
Secaucus, New Jersey 07094

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5) provided that you:

- 1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
a. Revise the EPA Registration Number to read, "EPA Reg. No. 2596-147".
b. Hartz Mountain's alternate labeling must have the same ingredient statement percentages, precautionary statements, etc.

Table with columns for SYMBOL, SURNAME, DATE, and SIGNATURE OF APPROVING OFFICIAL. Includes handwritten entries and dates like 5/12/98 and 5/13/98.

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

- 3. Remove the second "CAUTION" statement from your labeling located on page 4 of your master labeling at paragraph 8 CAUTION: Cause eye irritation.
- 4. Preferably, the "FIRST AID" statement should be placed on the front panel of the labeling unless there is some logical reason why it should not be placed on the front panel.

Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-&9 Enclosure for a further description of final printed labeling.

If the conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec.6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Janet L. Andersen, Ph.D., Director
Biopesticides and Pollution Prevention
Division (7511W)

Flea (and Mosquito) Control for Cats with (PRECOR®) (vIGRen®) Insect Growth Regulator (IGR)

(S)-Methoprene (CAS# 65733-16-6)

() = ALTERNATE COPY

(Hartz Control Pet Care System products are designed to complement each other in an integrated program for flea & tick management. To assure proper treatment, we recommend use of only Hartz Control Pet Care System products.)

READ ENTIRE LABEL BEFORE USE.

USE ONLY ON CATS OR KITTENS OVER 12 WEEKS OF AGE.

For use on cats only

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product contains three monthly dosages (one monthly dose), each (1 cc)

1. Use ONLY on cats or kittens over 12 weeks of age. DO NOT USE ON OTHER ANIMALS. 2. Remove one applicator tube from package and hold in an upright position. 3. Simply press cap down to break the seal of tube. (Hold bottom of tube with one hand. With other hand, snap cap off.) 4. Remove cap carefully. Position the tip of the tube on the cat's back between the shoulder blades and squeeze out (the [entire] contents) ([approximately] half the contents) of the tube. 5. Repeat every month.

ALTERNATE PACKAGING DIRECTIONS

Use ONLY on cats or kittens over 12 weeks of age. Remove one applicator tube from package and hold in an upright position. Simply press (twist) cap down to break the seal of tube. (Hold bottom of tube with one hand. With other hand, snap cap off.) Remove cap carefully. Position the tip of the tube on the cat's back between the shoulder blades and squeeze out (the entire contents) ([approximately] half the contents) of the tube. Repeat every month.

[The Hartz Ref. 114 contains an insect growth regulator (IGR) to kill flea and mosquito eggs before they hatch.) (a long lasting insect growth regulator which prevents flea and mosquito eggs and larvae from maturing into adults.)] (Adult fleas spend virtually all of their time on your pet, but they produce vast numbers of eggs which drop off the pet and develop in the environment.) (Once fleas are apparent on your pet, there is already an infestation of their pre-adult stages in your home.) (Normal insecticides will not kill the flea and mosquito eggs. But the Hartz Ref. 114 is designed to kill flea and mosquito eggs and larvae, thereby breaking the flea (and mosquito) life cycle.)

[(As with all flea products, they are) (Hartz Ref. 114 is) most effective when used as part of a total program aimed at reducing fleas in the cat's environment.] Be sure to treat the animal's bedding and surroundings with products registered for these uses, such as the Hartz Control Pet Care System line.

(Hartz Ref. 114 provides relief from flea (and mosquito) infestations for one month by controlling and preventing flea (and mosquito) eggs and larvae on your cat and kitten. Adult fleas can live on your pet while also producing vast numbers of eggs which drop off your pet and develop in the surrounding environment. Hartz Ref. 114 kills flea (and mosquito) eggs and larvae, thereby breaking the flea life cycle.)

(After application, through its natural movement, your cat's skin and hair oils carry Hartz Ref. 114 over the pet's body for protection against flea and mosquito eggs and larvae. To kill existing adult flea populations, you may need to treat the home, pet's bed and yard with traditional flea products approved for use on pet's around the home or in your yard (such as home sprays, foggers and/or yard & kennel spray). Hartz Ref. 114 can be used in conjunction with the entire Control Pet Care System® product line.)

(If not completely satisfied, return unused portion for a full refund.)

(Advanced Flea (and Mosquito) Treatment. Guaranteed to work or your money back.)

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage and disposal. Store in a cool, dry place. Do not re-use empty tube. Wrap and discard in trash.

PRECAUTIONARY STATEMENTS - HAZARDS TO HUMANS

CAUTION: Causes eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after.

HAZARDS TO DOMESTIC ANIMALS: CAUTION: Do not use on kittens less than twelve weeks old. Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant or nursing animals. Sensitivity may occur after using ANY pesticide product for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

ENVIRONMENTAL HAZARDS: This product is toxic to fish.

FIRST AID: If in eyes: Flush eyes with plenty of water. Call a physician if irritation persists.

B - Protect Your Pet

Step A - TREAT YOUR PET with one of the Control on-animal products such as Conditioning Shampoo, Dip, Powder or Spray. Use a Control product containing (PRECOR®) (vIGRen®), an Insect Growth Regulator (I.G.R.), to also stop hatching Flea Eggs from developing into biting adults.

Step B - PROTECT YOUR PET with a Control repellent or flea collar to keep fleas from reinfesting your pet. The Control Pet Care System Ultimate Flea Collar™ will also prevent flea eggs from hatching.

Step C - TREAT YOUR HOME, both indoors and outdoors, with Control Pet Care System Home Flea & Tick Killer or Fogger with (PRECOR®) (vIGRen®) and Control Pet Care System Yard and Kennel Spray to protect your entire home and guard against reinfestation. The Control Pet Care System Flea Trap will also serve to help break the flea life cycle by killing fleas in hard-to-reach areas in your home.

Be sure to read full directions and precautions on the label of each product you use. For more information or help at any step, call our flea experts at **1-800-25-1414**, 9am-5pm EST.
