PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS: CAUTION: Causes eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

HAZARDS TO DOMESTIC ANIMALS: Do not use on kittens less than twelve weeks old. Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant or nursing animals. Sensitivity may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish.

FIRST AID Have label with you when obtaining treatment advice.	
If in eyes	<ul style="list-style-type: none">· Hold eye open and rinse slowly and gently with water for 15-20 minutes.· Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.· Call a poison control center, doctor, or 1-800-222-1222 immediately for treatment advice.

READ ENTIRE LABEL BEFORE EACH USE

USE ONLY ON CATS OR KITTENS OVER 12 WEEKS OF AGE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product contains three monthly doses (dosages) (one monthly dose), each 0.03 fl. oz. (1cc).

1. Use ONLY on cats or kittens over 12 weeks of age. DO NOT USE ON OTHER ANIMALS.
2. Remove one applicator tube from package and hold in an upright position.
3. (Simply press cap down to break the seal of tube.) [Hold bottom of tube with one hand. With other hand, (snap cap off) (remove cap and snap off tip)]
4. Remove cap carefully. {Position the tip of the tube on the cat's back between the shoulder blades and squeeze out [the (entire) contents] [(approximately) half the contents] of the tube}}
5. Repeat every month. (Repeat every 30 days if necessary.)

3/10

ALTERNATE PACKAGING DIRECTIONS:

Use *ONLY* on cats or kittens over 12 weeks of age. Remove one applicator tube from package and hold in an upright position. Simply press (twist) cap down to break the seal of tube. (Hold bottom of tube with one hand. With other hand, snap cap off.) Remove cap carefully. Position the tip of the tube on the cat's back between the shoulder blades and squeeze out (the entire contents) [(approximately) half the contents] of the tube. Repeat every month.

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage and disposal. Store in a cool, dry place. **If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800 CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Flea control for cats with (PRECOR®) (vIGRen®) Insect Growth Regulator (IGR)
(S) – Methoprene (CAS # 65733-16-6)
Advanced flea (egg and larvae) treatment

Hartz® Ref. 114 (alternate name) provides relief from flea populations on cats and kittens by controlling and preventing flea eggs and larvae.

The Hartz® Ref. 114 (alternate name) contains [an insect growth regulator (IGR) to kill flea eggs before they hatch.] [a long lasting insect growth regulator which prevents flea eggs and larvae from maturing into adults.]

Adult fleas spend virtually all of their time on your pet, but they produce vast numbers of eggs which drop off the pet and develop in the environment.

Once fleas are apparent on your pet, there is already an infestation of their pre-adult stages in your home.

Hartz Ref. 114 (alternate name) is designed to kill flea eggs and larvae, thereby breaking the flea life cycle.

As with all flea products, (they are) (Hartz Ref. 114 is) (alternate name is) most effective when used as part of a total program aimed at reducing fleas in the cat's environment.

5/0

Be sure to treat the animal's bedding and surroundings with products registered for these uses.

Hartz Ref. 114 (alternate name) provides relief from flea infestations for one month by controlling and preventing flea eggs and larvae on your cat and kitten.

Hartz Ref. 114 (alternate name) kills flea eggs and larvae, thereby breaking the flea life cycle.

After application, through its natural movement, your cat's skin and hair oils carry Hartz Ref. 114 (alternate name) over the pet's body for protection against flea eggs and larvae.

To kill existing (eggs and larvae) (and kill) (adult flea populations), you may need to treat the (your) (pet), home, pet's bed and yard with traditional flea products approved for use on pets, around the home, or in your yard (such as home sprays, foggers and/or yard and kennel spray).

Hartz Ref. 114 (alternate name) can be used in conjunction with the entire Control Pet Care System (alternate name) product line.
