Office of Pesticide Programs
Registration Division (H7505C)
401 M St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
2596-151

Date of Issuance:
NOV - 9 2005

AMENDED NOTICE OF PESTICIDE

 Registration
 x **Registration**
 Reregistration
(under FIFRA, as amended)

Term of Issuance:
Conditional Registration

Name of Pesticide Product:
Hartz Ref 119

Name and Address of Registrant (include ZIP Code):

Ms. Patricia Sheehy
The Hartz Mountain Corporation
400 Plaza Drive
Secaucus, NJ 07094-3688

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) and (B) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

Add to the Hazards to Domestic Animals statements the following:
Do not use on cats or kittens.

The individual tubes must bear the full product name, including the weight of dog for which the product is intended, and it must match the product name on the exterior packaging.

The individual tubes must bear the establishment number.

Delete or explain "3 in one (protection)."

All marketing claims for "Advanced Care" must be trademarked or deleted.

Signature of Approving Official:

for Ann Sebald
Richard Gebken
Product Manager 10
Insecticide Branch
Registration Division

Date:

NOV - 9 2005

Delete all marketing claims for "Advanced topical treatment." Alternatively you may clarify what is advanced about this formulation.

Delete "Gentle Formula". This statement contradicts the precautionary statements.

On page 7, delete the following claim:

Hartz Ref 119 (alternate name brand) is designed to kill the adult flea (and adult mosquito) thereby breaking the (pest)(insect)(flea)(and mosquito)life cycle(which may carry Lyme Disease)and the Rocky Mountain Wood Tick which may carry Rocky Mountain Spotted Fever).

Delete the claim:

Repels 98% of ticks within 1 day (24 hours). Alternately, you may revise it to read "Repels 96%..."

Products in the United States that have been packaged, labeled and released for shipment prior to the effective date of the order terminating uses on cats and kittens may be sold or distributed by Hartz from its facilities until December 31, 2005. After December 31, 2005, Hartz may not sell or distribute product labeled for use on cats and kittens. Product labeled for use on cats and kittens may be sold or distributed by persons other than the registrant until March 31, 2006. After this date, products so labeled may not be sold or distributed unless for the purposes of proper disposal or export.

Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA Sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

and is intended for the pesticide
registered under EPA Reg. No.
2596-151

READ ENTIRE LABEL BEFORE EACH USE

[USE ONLY ON DOGS (AND) (OR)(PUPPIES)OVER 12 WEEKS OF AGE.]

[SEE PACKAGE LABELING FOR FIRST AID, STORAGE AND DISPOSAL AND OTHER PRECAUTIONARY STATEMENTS]

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

CAUTION: May cause eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

HAZARDS TO DOMESTIC ANIMALS

Do not use on puppies less than 12 weeks old. Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant or nursing animals. Sensitivity such as slight transitory redness of the skin at the site of application may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

ENVIRONMENTAL HAZARDS: This product is toxic to fish.

FIRST AID

If in eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes
- Remove contact lenses, if present, after 5 minutes, then continue rinsing eye.
- Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling for advice or going for treatment.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Remove one applicator tube from the package and hold in an upright position (pointed away from your face). (Pull off cap, Turn the cap around and place on top of tube. Simply press cap down to break the seal of the tube. Remove cap carefully.) (Hold bottom of tube with one hand. With the other hand, snap cap off.)

Position the tip of the tube on the dog's back between the shoulder blades. Use the tip of the tube to part the dog's hair so that the product will be applied at skin level. Begin squeezing out the contents of the tube to form a stripe as you move from the shoulder blades along the dog's back to the base of the tail. Repeat every month.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage and disposal. Store in a cool, dry place. **If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Hartz (Brand name) products are designed to complement each other in an integrated program for flea & tick management. To assure proper treatment, we recommend use of only Hartz (Brand name) products

After application, the treated area may appear wet or oily for up to 24 hours.

(As with all flea and tick products, they are)[Hartz Ref. 119 (alternate name brand) is] most effective when used as a part of a total program aimed at reducing fleas and ticks (and mosquitoes) in the (dog's) (and) (puppy's) environment.

OPTIONAL/ALTERNATE LABEL TEXT, continued

Be sure to treat the animal's bedding and surroundings with products registered for these uses, such as the Hartz Control Pet Care System (alternate name brand) Line.

Hartz Ref. 119 (alternate name brand) contains (an insecticide to kill adult fleas and ticks) (and mosquitoes) (a powerful, effective insecticide that kills adult fleas and ticks (and mosquitoes).

Adult fleas spend virtually all of their time on your pet. They produce vast numbers of eggs that drop off the pet and develop in the environment.

Once fleas are apparent on your pet, there is already an infestation of their pre-adult stages in your home.

Hartz Ref. 119 (alternate name brand) is designed to kill the adult flea (and adult mosquito) thereby breaking the (pest) (insect) (flea) (and mosquito) life cycle (which may carry Lyme Disease and the Rocky Mountain Wood Tick which may carry Rocky Mountain Spotted Fever)

Hartz Ref. 119 (alternate brand name) provides relief from flea infestations for one month by controlling (killing) and preventing adult fleas on your (dog) (and) (puppy).

Adult fleas can live on your pet while also producing vast numbers of eggs that drop off your pet and develop in the surrounding environment. Hartz Ref. 119 (alternate name brand) kills the adult flea, thereby breaking the flea life cycle. Hartz Ref. 119 (alternate name brand) breaks the tick life cycle by killing adult ticks, including the Rock Mountain Wood Tick and Deer Tick (which may carry Lyme disease). Hartz Ref. 119 (alternate name brand) also kills and repels mosquitoes. (which may carry canine heartworms).

After application, through its natural movement, your pet's skin and hair oils carry Hartz Ref. 119 (alternate name brand) over the pet's body for protection against fleas and ticks, (mosquitoes).

Immediately the (dog's) (and) (or) (puppy's) skin and hair oils will begin to carry this solution over the (dog's) (and) (or) (puppy's) entire body killing fleas and ticks.

Initially, to kill existing adult flea populations, you may need to treat the home, pet's bed and yard with traditional flea products such as home sprays, foggers, and/or yard & kennel spray. Hartz Ref. 119 (alternate name brand) can be used in conjunction with the entire (brand name) product line.

For more information or (in case of an emergency) (help during any step), call our flea and tick experts at (telephone number), (time).

Hartz recommends that you visit your veterinarian twice a year.

Be sure to read full directions and precautions on the label of every product you use.

Protect Your Pet

Important information: The A B C's of Flea and Tick Management

- A** Treat Your Pet to kill fleas and ticks living on your pet.
- B** Protect Your Pet to keep fleas and ticks from re-infesting your pet.
- C** Treat Your Home both indoors and outdoors to protect your entire home and guard against re-infestation.

Be sure to read to full directions and precautions on the label of each product you use.

Step A - Treat Your Pet with one of the Control Pet Care System (alternate brand name) on-animal products, such as Conditioning Shampoo, Dip, Powder, Spray or Spot –On to kill fleas and ticks living on your pet. Use a Hartz Control Pet Care System (alternate brand name) product containing vIGRen®, an insect Growth Regulator (IGR), to also stop hatching flea eggs from developing into biting adults

Step B - Protect Your Pet with a Hartz Control Pet Care System (alternate brand name) repellent or flea and tick collar to keep fleas and ticks from re-infesting your pet. The Hartz Control Pet Care System (alternate brand name) Ultimate Flea Collar with vIGRen® and Rabon® will also prevent flea eggs from hatching.

Step C - Treat Your Home both indoors and outdoors, with Hartz Control Pet Care System (alternate brand name) Home Flea and Tick Killer or Fogger with vIGRen and Hartz Control Pet Care System (alternate brand name) Yard and Kennel Spray to protect your entire home and guard against reinfestation. The Hartz Control Pet Care System (alternate brand name) Flea Trap will also serve to help break the flea life cycle killing in hard- to- reach areas of your home.
