Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with section 3(c)(7)(A) of FIFRA provided that you:

1. Submit and/or cite all data required for registration of your product under section 3(c)(5) of FIFRA when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under section 4 of FIFRA.

2. Make the following change(s) to the subject label:

- a. Change the product registration number to "EPA Reg. No. 2596-162"
- b. Make the following label revisions:

Companion Animal Safety Data Review comment(s), page 3 of 4:

- 1. In order to incorporate required label language as a result of the companion animal safety data review that was completed in support of this application, you must do the following:
 - Within the "USE RESTRICTIONS" subsection of the proposed label, revise the 4th bulleted statement to read "Do not apply this product to puppies less than 6 months of age."
 - Immediately following the "USE RESTRICTIONS," subsection, revise statement "Do not use on puppies under 12 weeks of age." to read "Do not use on puppies under 6 months of age."

Non-Pesticide Related Claims and Other Optional Text section comment(s):

- 2. In order to incorporate required label language as a result of the companion animal safety data review that was completed as part of this application, revise the 2nd non-pesticide related claim to read "For puppies older than 6 months of age."

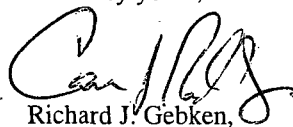

Conditional Data Requirements:

- 3. Data deficiencies were identified for storage stability and corrosion characteristics in the product chemistry review for this product. Therefore, The Hartz Mountain Company is obligated to submit a One Year Storage Stability (830.6317) study and a Corrosion Characteristics (830.6320) study on this product in support of this registration within one (1) year from the date of this registration.¹
3. Submit two (2) copies of the final printed labeling, incorporating the above changes, before releasing the product for shipment. If the above conditions are not complied with, the registration will be subject to cancellation in accordance with section 6(e) of FIFRA. Your release for shipment of the product bearing amended labeling constitutes accepting of these conditions.

Should The Hartz Mountain Corporation wish to add/retain a reference to the company's website on your label, please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under section 12(a)(1)(E) of FIFRA. 40 CFR §156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not be substantially differ from those claims approved through the registration process. Therefore, should the Agency find, or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to EPA's Office of Enforcement and Compliance Assurance (OECA). As an alternative, you may refer consumers to the company's phone number or e-mail address.

A copy of your label stamped "Accepted with Comments" is enclosed for your records along with hard copies of the acute toxicity, product chemistry, efficacy, and companion animal safety study reviews completed for this product.
