**EPA Reg. Number:**

2596-168

**Date of Issuance:**

9/24/21

**NOTICE OF PESTICIDE:**

Registration  
 Reregistration

(under FIFRA, as amended)

**Term of Issuance:**

Conditional, Time-Limited  
 Expires: 12/01/2023

**Name of Pesticide Product:**

Hartz® Reference #135

**Name and Address of Registrant (include ZIP Code):**

Joseph Conti  
 The Hartz Mountain Corporation  
 400 Plaza Drive  
 Secaucus, NJ 07094

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

**Signature of Approving Official:**

Elizabeth Fertich, Product Manager 04  
 Invertebrate & Vertebrate Branch 1, Registration Division  
 Office of Pesticide Programs

**Date:**

9/24/21

2. The Agency has found your company to be in compliance with the terms and conditions for the subject product and is extending the two-year registration restriction. This registration is time-limited and expires 12/01/2023.
3. Please note that the product is still subject to all other previously required conditions of registration. Your company is required to adhere to the spot-on label mitigation, and to submit quarterly enhanced incident reports and quarterly sales information as stated in the initial registration notice dated 09/29/2011.
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Please note that the record for this product currently contains the following CSFs:

- Basic CSF dated 02/16/2021
- Alternate CSF 1 dated 02/16/2021
- Alternate CSF 2 dated 02/16/2021
- Alternate CSF 3 dated 02/16/2021

*{The application steps below may optionally be numbered or bulleted to clarify the order, depending on the final physical layout of the label}*

***{Option 1}***

Dog must be dry at time of application. Remove one [applicator] [tube] from the package and hold in an upright position. Pull off cap. Turn the cap around and place on top of [applicator] [tube]. Simply press cap down to break the seal of the [applicator] [tube]. Remove cap carefully. Position the tip of the [applicator] [tube] on the dog's back between the shoulder blades. Use the tip of the [applicator] [tube] to part the dog's hair so that the product will be applied at skin level. Begin squeezing out the contents of the [applicator] [tube] to form a stripe as you move from the shoulder blades along the dog's back to the base of the tail. Repeat every [month] [30 days] [4 weeks]. Separate treated dog from other [dogs and cats] [pets] for 24 hours after treatment has been applied.

***{Option 2}***

Dog must be dry at time of application. Remove one [applicator] [tube] from the package and hold in an upright position pointed away from your face. Twist dispensing tip clockwise about ½ turn while pushing down to break the [applicator's] [tube's] seal. Do not remove the dispensing tip. Position the dispensing tip on the dog's back between the shoulder blades. Use the dispensing tip of the [applicator] [tube] to part the dog's hair so that the product will be applied at skin level. Begin squeezing out the contents of the [applicator] [tube] to form a stripe as you [move] [glide] from the shoulder blades along the dog's back to the base of the tail. Repeat every [month] [30 days] [4 weeks]. Separate treated dog from other [dogs and cats] [pets] for 24 hours after treatment has been applied.
