Subject Label Notification(s), Pesticide Registration Notification (PRN) 98-10
Hartz® Reference #134, EPA Reg No 2596-169
Your Submission Dated June 19, 2012

Dear Ms Masch

The Agency is in receipt of your application for Pesticide Notification under Pesticide Registration Notification (PRN) 98-10 (addition of alternate brand names), dated May 31, 2012, for the referenced product. The Registration Division has conducted a re-review of this request for its applicability under PRN 98-10, and finds that the action(s) requested fall within the scope of PRN 98-10.

Please be reminded that 40 CFR §156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label (and can be added by non-Notification/PRN 98-10) or durably marked on the container itself.

The label submitted with this application has been time-stamped "Notification," and will be placed within the administrative file for this product. If you have any questions, please contact Mr. Carmen Rodia at (703) 305-0327 or via e-mail at Rodia.Carmen@epa.gov.

Sincerely yours,
