Subject: Notification per PRN 98-10 – Minor deletion in marketing claims  
Product Name: HARTZ REFERENCE #141  
EPA Registration Number: 2596-174  
Application Date: 10/6/2016  
Decision Number: 522569

Dear Ms. McGrath:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Angela Hollis at 703-347-0216 or via email at [hollis.angela@epa.gov](mailto:hollis.angela@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Kable Bo Davis", enclosed in a large, hand-drawn oval.

Kable Bo Davis, Product Manager 3  
Invertebrate and Vertebrate Branch 1  
Registration Division (7505P)  
Office of Pesticide Programs

**NOTIFICATION**

2596-174

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

11/30/2016

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS:** CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

**HAZARDS TO DOMESTIC ANIMALS:** For External Use on Cats Only. Do not use on kittens less than 12 weeks old. Consult a veterinarian before using this product on debilitated, aged, pregnant or nursing animals. Certain medications can interact with pesticides. Consult a veterinarian before using on medicated animals. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

**FIRST AID**

**IF IN EYES:**

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-xxx-xxxx for emergency medical treatment information.”

## **BACK PANEL (CON'T.)**

### **RESTRICTIONS**

**USE ONLY ON CATS OR KITTENS 12 WEEKS OF AGE AND OLDER**

**DO NOT USE ON OTHER ANIMALS**

**DO NOT EXCEED LABELED DOSAGE AMOUNT FOR CATS**

**DO NOT APPLY MORE THAN ONE (1) TUBE PER TREATMENT ON ANY CAT**

**DO NOT HAVE CONTACT OR ALLOW CHILDREN TO HAVE CONTACT WITH TREATED AREA UNTIL COMPLETELY DRY.**

**DO NOT APPLY TO CATS WEIGHING LESS THAN 3 LBS.**

**DO NOT ALLOW YOUR CATS TO INGEST THIS PRODUCT**

**HOUSEHOLDS WITH MORE THAN ONE CAT: PREVENT CATS FROM GROOMING EACH OTHER UNTIL SOLUTION HAS DRIED.**

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

### **READ ENTIRE LABEL BEFORE USE**

This product contains xx monthly dosages [one monthly dose], each (1 and 1.8 ml [cc]). Do not apply more than once every month.

Do not get this product in your cat's eyes or mouth.

### **(PACKAGING DIRECTIONS)**

1. Remove one applicator [tube] from the package and hold in an upright position pointed away from your face.
2. Twist dispensing tip clockwise about 1/2 turn while pushing down to break the applicator's [tube's] seal. Do not remove the dispensing tip.
3. Prior to application of the product, using the dispensing tip of the applicator [tube], gently lift the cat's or kitten's hair coat on the back of the neck at the base of the skull, position the dispensing tip of the applicator [tube] on the cat's exposed skin and squeeze out the [entire] contents of the [applicator] tube onto the cat's skin. Do not bathe cat within the first 24 hours after Spot On [squeeze on] (product) has been applied. Households with more than one cat should prevent cats from grooming each other until solution has dried.
4. Repeat application [once every month] [once monthly].

### **(ALTERNATE PACKAGING DIRECTIONS 2)**

1. Remove one applicator [tube] from the package and hold in an upright position pointed away from your face.
2. Twist dispensing tip clockwise about 1/2 turn until you feel it click into place. Do not remove the dispensing tip.
3. Prior to application of the product, using the dispensing tip of the applicator [tube], gently lift the cat's or kitten's hair coat on the back of the neck at the base of the skull, position the dispensing tip of the applicator [tube] on the cat's exposed skin and squeeze out the [entire] contents of the [applicator] tube onto the cat's skin. Do not bathe cat within the first 24 hours after Spot On [squeeze on] (product) has been applied. Households with more than one cat should prevent cats from grooming each other until solution has dried.
4. Repeat application [once every month] [once monthly].

*[Label reader's notes or Optional/alternate text is shown in italics, parenthesis or brackets]*

## (ALTERNATE PACKAGING DIRECTIONS 3)

1. Remove one applicator tube from the package and hold in an upright position pointed away from your face.
2. Pull off cap. Turn the cap around and place on top of tube.
3. Simply press cap down to break the seal of tube. Remove cap carefully.
4. Prior to application of the product, gently lift the cat's or kitten's hair coat on the back of the neck at the base of the skull, position the tip of the tube on the cat's exposed skin and squeeze out the entire contents of the tube onto the cat's skin. Do not bathe cat within the first 24 hours after Spot On [squeeze on] (product) has been applied. Households with more than one cat should prevent cats from grooming each other until solution has dried.
5. Repeat application [once every month] [once monthly].

1 ml [cc] for cats [kittens] under 5 lbs.; 1.8 ml [cc] for cats 5 lbs. and over

For use on cats under 5 lbs.[or 5 lbs. and over] For cats weighing 5 lbs and over [or < 5 lbs] [or Under 5 lbs]

*[Include on back panel]*

**SIDE EFFECTS**

Side Effects – Monitor your cat after application. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects occur, consult your veterinarian or call 1-800-275-1414.

**STORAGE AND DISPOSAL**

**PESTICIDE STORAGE:** Keep this product in its tightly closed original container, when not in use. Store in a cool, dry (preferably locked) area that is inaccessible to children and animals.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Non-refillable container. Do not refill or reuse this container. *If empty:* Offer for recycling, if available. *If partly filled:* Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

## (INTRODUCTION)

(Product Name) is a topically applied long-lasting product specifically formulated for cats and kittens containing (or with) an insect growth regulator (IGR) S-Methoprene to prevent and control flea infestations to kill fleas before they hatch. This product also contains the highly effective flea, deer tick, and mosquito killing agent Etofenprox (Brand Name), which kills biting adult fleas, deer ticks, and mosquitoes your cat may acquire from its surroundings. A single application of (Product Name) will provide egg hatch inhibition for up to 1 month. Each package contains enough products for [xx] monthly applications. Adult fleas can live on your cat while producing vast numbers of eggs, which drop off your cat and develop in the surrounding environment.

After application, your cat's skin oils disperse and carry (Product Name) over your cat's body for protection against biting adult fleas and the development of flea eggs. (Product Name) may stain leather and suede fabrics for 24 to 48 hours after application. Once adult fleas are evident on your cat, there is likely an infestation of flea eggs and flea larvae in your home. To completely kill the existing flea population, you may need to treat your home and your cat's bedding, as well as your yard with traditional flea products approved for use on cats, around the home, or in your yard. (Product Name) can be used in conjunction with other HARTZ® premise products. As with all flea products, (Product Name) is most effective when

*[Label reader's notes or Optional/alternate text is shown in italics, parenthesis or brackets]*

used as part of a total program aimed at reducing all stages of fleas in the cat's environment. HARTZ products are designed to complement each other in an integrated program for flea, deer tick, and mosquito management. To assure proper treatment, we recommend use of HARTZ products as directed to treat all cats in the household, as well as the indoor and outdoor home environments.

**(Claims)**

Flea & Deer Tick [Protective] for cats [& kittens]  
 [Flea & deer tick] treatment for cats [& kittens]
