

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

2596-188

Date of Issuance:

9/19/19

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

Hartz Reference No. 158

Name and Address of Registrant (include ZIP Code):

Joseph A. Conti
Senior Director
Regulatory & Quality
The Hartz Mountain Corporation
400 Plaza Dr.
Secaucus, NJ 07094

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Jacquelyn Herrick, Product Manager 03
Invertebrate & Vertebrate Branch 1
Registration Division (7505P)

Date:

9/19/19

2. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 2596-188.”
3. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 07/17/2019
- Alternate CSFs 1 – 11 dated 7/17/2019

If you have any questions, please contact Jennifer Gaines at 703-305-5967 or via email at gaines.jennifer@epa.gov.

Have person sip a glass of water if able to swallow.
Do not induce vomiting unless told to do so by the poison control center or doctor.
Do not give anything by mouth to an unconscious person.

If on skin or clothing Take off contaminated clothing.
Rinse skin immediately with plenty of water for 15-20 minutes.
Call a poison control center or doctor for treatment advice.

If in eyes Hold eyes open and rinse slowly and gently with water for 15-20 minutes.
Remove contact lenses, if present after 5 minutes, then continue rinsing eye.
Call a poison control center or doctor for treatment advice.

Hot Line Number Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. You may also contact 1-800-275-1414 for emergency medical treatment information, twenty-four (24) hours a day, seven (7) days a week.

{Optional Product Information - Note to Reviewer: All or some of the 10 (ten) Optional Product Information bullet points below, may be used on the marketplace label.}

[Product Information]

- *{Product Name}* [Collar] kills fleas, flea eggs, and ticks for [6][six] months.
- *{Product Name}* [Collar] is a sustained release system [containing deltamethrin and (s)-methoprene] which provides [flea & tick protection] [protection from flea & tick activity] from head to tail.
- *{Product Name}* [Collar] has been specifically formulated using insecticide release technology.
- *{Product Name}* has been specifically formulated to contain an insecticide and repellent [,deltamethrin].
- Maximum effectiveness may not occur for 2-3 weeks after collar placement.
- Fleas (*Ctenocephalides sp.*) on the dog will be killed.
- *{Product Name}* [Collar] can be used to repel fleas, ticks [and mosquitos]
- One *{Product Name}* [Collar] will kill [fleas][and][ticks] for up to [6][six] months.
- Collar will kill ticks including: Brown dog tick (*Rhipicephalus sanguineus*), American dog tick (*Dermacentor variabilis*) and deer tick (*Ixodes scapularis and Ixodes pacificus*) which may carry Lyme disease. The collar is to be replaced every six (6) months and worn continuously.
- Reapply a new collar every six (6) months.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For external use only. Do not let children play with this collar. Do not use on puppies under 12 weeks of age.

Do not open pouch until ready to use. Do not unroll collar until ready to use. Place the *{Product Name}* [collar] around the dog's neck, adjust for proper fit, and buckle in place. The collar must be worn loosely so that two fingers may be placed between collar and dog's neck. Maximum effectiveness may not occur for 2-3 weeks after collar placement. Living and rest areas of infested dog must also be treated with appropriate pest control measures to ensure control of [persisting] [persistent] pest infestation.

Wetting will not impair the collar's effectiveness or the dog's protection. If the dog goes swimming or is out in the rain, it is not necessary to remove the collar. *{Product Name}*[Collar] may be used in addition to a lead or constraint collar. [Use only one *{Product Name}* [collar] at a time.] This collar should be worn continuously. Reapply a new collar every six (6) months.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Keep this product in its tightly closed original container, when not in use.

Store in a cool, dry (preferably locked) area that is inaccessible to children and animals.

Pesticide Disposal and Container Handling: Do not reuse container or used collar. Dispose of in trash.
