Subject: PRIA Label Amendment – Add repellency claims
Product Name: Hartz Reference No. 158
EPA Registration Number: 2596-188
Application Date: 03/16/2020
Decision Number: 561916

Dear Mr. Coni:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

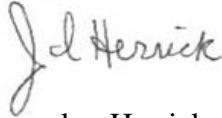

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Decision No. 561916

with FIFRA section 6. If you have any questions, please contact Jacquelyn Herrick by phone at 703-347-0559, or via email at herrick.jacquelyn@epa.gov.

Sincerely,

A handwritten signature in cursive script that reads "J. Herrick".

READ ENTIRE LABEL BEFORE EACH USE USE ONLY ON DOGS

{Note to Reviewer: Product is sold in package containing 1, 2, or 3 collars. The claims below correspond to the number of collars in the package.}

{For 1 collar package:}

One *{Product Name}* collar provides [6] [six] months protection against fleas, ticks and mosquitoes.

{For 2 collar package:}

Each *{Product name}* collar offers [6] [six] months protection against fleas, ticks and mosquitoes, worn one at a time, providing a total of [12] [twelve] months protection against fleas, ticks and mosquitoes.

{Note to Reviewer: Optional/alternate text are contained in [brackets]. Text contained in (parenthesis) are NOT optional. Notes to Reviewer are contained in {braces} and will not appear on final marketplace label.}

{For 3 collar package:}

Each *{Product name}* collar offers [six][6] months protection against fleas, ticks and mosquitoes, worn one at a time, providing a total of [18] [eighteen] months protection against fleas and ticks.

{BACK PANEL}

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals.

CAUTION: Do not open protective pouch until ready to use. Do not let children play with this collar.

Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

Do not use on puppies under [12] [twelve] weeks. DO NOT USE ON CATS. Consult a veterinarian before using this product on debilitated, aged, pregnant, medicated or nursing dogs. Sensitivities may occur after using ANY pesticide products for dogs. If signs of sensitivity occur, remove collar and bathe your dog with mild soap and rinse with large amount of water. If symptoms persist, consult a veterinarian immediately.

This product is not a substitute for prescribed heartworm preventative.

This collar is intended for use only as an insecticide generator and is not to be taken internally by man or animals.

FIRST AID

- If swallowed** Call poison control center or doctor immediately for treatment advice.
Have person sip a glass of water if able to swallow.
Do not induce vomiting unless told to do so by the poison control center or doctor.
Do not give anything by mouth to an unconscious person.
- If on skin or clothing** Take off contaminated clothing.
Rinse skin immediately with plenty of water for 15-20 minutes.
Call a poison control center or doctor for treatment advice.
- If in eyes** Hold eyes open and rinse slowly and gently with water for 15-20 minutes.
Remove contact lenses, if present, after 5 minutes, then continue rinsing eye.
Call a poison control center or doctor for treatment advice.

Hot Line Number Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. You may also contact 1-800-275-1414 for emergency medical treatment information, twenty-four (24) hours a day, seven (7) days a week.

{Optional Product Information - Note to Reviewer: All or some of the 12 Optional Product Information bullet points below may be used on the marketplace label.}

[Product Information]

- One *{Product Name}*[Glide & Guard][technology] [Flexible Fit] [Gentle Fit] [Easy Adjust] [Collar] will repel mosquitoes for [6][six] months.
- One *{Product Name}*[Glide & Guard][technology] [Flexible Fit] [Gentle Fit] [Easy Adjust]][collar] will kill fleas, ticks and repel mosquitoes for [6] six months

{Note to Reviewer: Optional/alternate text are contained in [brackets]. Text contained in (parenthesis) are NOT optional. Notes to Reviewer are contained in {braces} and will not appear on final marketplace label.}

August 13, 2020

- Collar will kill ticks including: Brown dog tick (*Rhipicephalus sanguineus*), American dog tick (*Dermacentor variabilis*) and deer tick (*Ixodes scapularis* and *Ixodes pacificus*) which may transmit Lyme disease. [The collar is to be replaced every six (6) months and worn continuously.]
- Reapply a new [Glide & Guard][technology] [Flexible Fit] [Gentle Fit] [Easy Adjust] collar every six (6) months.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For external use only. Do not let children play with this collar. Do not use on puppies under 12 weeks of age.

Do not open pouch until ready to use. Do not unroll collar until ready to use. Place the [{Product Name}] [collar] around the dog's neck, adjust for proper fit, and buckle in place. The collar must be worn loosely so that two fingers may be placed between collar and dog's neck. Maximum effectiveness may not occur for 2-3 weeks after collar placement. Living and rest areas of infested dog must also be treated with appropriate pest control measures to ensure control of [persisting] [persistent] pest infestation.

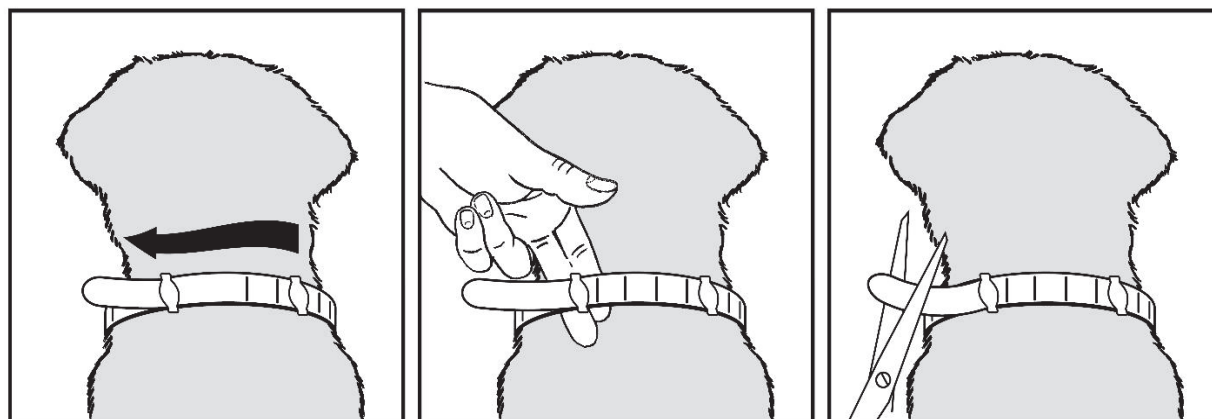

Wetting will not impair the collar's effectiveness or the dog's protection. If the dog goes swimming or is out in the rain, it is not necessary to remove the collar. [{Product Name}][Collar] may be used in addition to a lead or constraint collar. [Use only one [{Product Name}] [collar] at a time.] This collar should be worn continuously. Reapply a new collar every six (6) months.

[How to Apply]

[Remove collar from protective pouch directly before use. Unroll collar and make sure that there are no remnants from the plastic connectors inside the collar.

Insert the end of the collar through the buckle. Adjust the collar around the dog's neck without tightening it too tight or leaving it too loose. As a guide, it should be possible to insert 2 fingers comfortably between the collar and the neck. Pull excess collar through the loop(s). Collar length of greater than 1 inch (2 cm) beyond the loop(s) should be cut off unless it is on a growing puppy, where some additional length may be needed for adjustment as the dog's grows.

The collar should be worn continuously for the 6 month protection period. Check periodically and adjust if necessary, especially when puppies are rapidly growing. Replace the collar after 6 months for optimal tick, flea and mosquitos protection.]

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Keep this product in its tightly closed original container, when not in use. Store in a cool, dry (preferably locked) area that is inaccessible to children and animals.

Pesticide Disposal and Container Handling: Do not reuse container or used collar. Dispose of in trash.

{Optional/Alternate Label Claims}

Fleas

- *Product name* contains Deltamethrin and (S)-Methoprene [insecticides], which have been specifically, formulated using insecticide release technology [and secure twin buckle [system]][design].
- Flea [control] [prevention][repellent] for dogs [and puppies] [12 weeks of age and older]
