Subject: Notice of Extension of Conditional Registration until July 28, 2025
Product Name: Hartz Reference #167
EPA Registration Number: 2596-191
Application Date: March 20, 2023
Decision Number: 593133

Dear Ms. McGrath:

This letter is in reference to your request to extend the conditional, time-limited registration for the above-referenced registration. The above-referenced registration contains conditions calling for the registration to expire after two years. Additionally, your company is required to adhere to the spot-on label mitigation, and to submit quarterly enhanced incident reports and quarterly sales information for the above-referenced registration.

The Agency has found your company to be in compliance with the terms and conditions for the subject product. Mr. Joe Conti's (Vice President Regulatory, Research & Development of the Hartz Mountain Corp.) email dated 7/26/23 confirmed the product has not been released for shipment as of this date, has been added to the product file. The Agency is therefore granting the request to extend the two-year time-limited registration restriction. As such, the following change is being made to the terms and conditions for the product listed above:

- **The two-year time-limited registration restriction has been extended. The new expiration date for the registration listed above is July 28, 2025.**

Please note that the product is still subject to all other previously required conditions of registration. If you have any questions, please contact the product manager, Venus Eagle at eagle.venus@epa.gov or by phone at 703-258-9996.

Sincerely,

A handwritten signature in black ink, appearing to read "VE", followed by a horizontal line.
