

## DIRECTIONS

**LAUNDRY BLEACH:** Add entire contents of this can to 2½ gallons of lukewarm water, stir and add 10.7 ounces of Soda Ash. Stir several minutes, add water to make a total of 5 gallons. Stir and allow to settle until clear. Use solution without further stirring. Add to wash water at rate of 1 cup per 10 gallons of water, or as directed by Supply Officer.

**DISINFECTING DRINKING WATER:** Do not use Calcium Hypochlorite except under the direction of a Medical Officer. Requirements will vary, according to the chlorine demand of the natural water supply. Maintain a residual available chlorine content of at least 0.2 ppm.

**GENERAL DISINFECTION:** For hard and porous surfaces, use 2 ounces stock laundry bleach solution (as given above) per gallon of water, after cleaning.

USDA REG. NO. 2617-35

6810-825-3298

CHLORINATED LIME, TECHNICAL  
O-C-114A TYPE II GRADE C

### ACTIVE INGREDIENTS:

CALCIUM HYPOCHLORITE 24%

INERT INGREDIENTS 76%

NET WEIGHT: 10 ounces (285 Gm).

DSA-400-69-C-3045

A - 12/68 LOT: 161-C

MICHEL & PELTON CO.  
EMERYVILLE, CALIFORNIA

### CAUTION:

KEEP OUT OF REACH OF CHILDREN.

SEE RIGHT PANEL FOR ANTIDOTE AND  
FURTHER WARNING STATEMENTS.

## POISON

### ANTIDOTES:

EXTERNAL - Wash with water.

INTERNAL - Drink raw egg whites, milk or rice gruel, follow with emetic (tablespoon of mustard in glass of water).

CALL PHYSICIAN.

**CAUTION:** Skin contact may cause severe irritation. Do not allow dry chlorinated lime to come in contact with acids, non-mineral, or easily burnable material. Store in a cool, dry place.

Do not re-use container.

Destroy when empty.
