UNDER NO. 2626-17 SUBJECT
TO ATTACHED COMMENTS.

When used as directed, WHIFF will clean, deodorize and sanitize. Helps prevent rust and lime deposits. Works faster than ordinary bowl cleaners. **WARNING:** do not use on enameled iron such as bathtubs, wash stands, and sinks. Rinse empty container thoroughly with water and discard it.

DIRECTIONS

Use approximately 1 ounce for each application. Pour WHIFF into bowl, allow to stand for a few minutes, and then swab or brush. For stubborn stains, allow WHIFF to remain in bowl overnight. For upright urinals, pour WHIFF on swab and swab the urinal. Repeat as necessary.
