

Q-STRIP is a heavy duty cleaner and disinfectant designed for general purpose use where heavy duty cleaning and sanitizing is of prime importance. When used as directed, Q-STRIP will remove most household dirt and grime in a single, simple application. When used for industrial cleaning, follow the use directions shown on the left side panel. For use on walls, floors, table tops, in industrial plants, offices, motels, schools, and homes.

Not recommended for *Pseudomonas aeruginosa*.

For sanitization of previously cleaned food processing equipment or food contact items, limit the active quaternaries to 200 ppm (8 ounces per 5 gallons of water). Treated food contact surfaces must be rinsed with potable water prior to reuse.

USE DIRECTIONS:

Disinfection

For heavy duty cleaning and disinfecting and fungicidal activity against pathogenic fungi, use 4.5 ounces per gallon.

For best results, use Q-STRIP with a cloth or mop and apply to walls, floors, table tops, and counters.

For extra heavy industrial cleaning and sanitizing, use a second application.

Do not mix with soap or anionic solutions.

Q-STRIP is non-corrosive in use dilutions on inanimate hard surfaces.

PHENOL COEFFICIENTS — Guaranteed Minimum

S. aureus 14 — *S. typhosa* 9
