Oak Brook, IL 60521

JAN 14 1992

Attn: E. David Lewis,
Agent for Everpure, Inc.

Subject: Everpure Brominating Cartridge
EPA Registration No. 2623-3
Your Amendment of September 6, 1991

Your recent amendment request, a proposal to change the nomenclature of the active ingredient for the subject product from trimethylbenzylammonium resin, polybromide form to bromine is in compliance with current EPA Label Improvement Programs and would be acceptable. The revised Confidential Statement of Formula (CSF) agrees with the label and is acceptable.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. A stamped copy is enclosed for your records. Five copies of the finished, printed labeling must be submitted before you release the product for shipment.

- The correct label claim for this product should read:

Active Ingredient

Bromine*.....30.0%

Inert Ingredients.....70.0%

(* from Trimethylbenzylammonium resin polybromide form)

If you should have any questions concerning this letter, you may call Robert Travaglini on (703) 305-6909.

Sincerely,

Ruth G. Douglas
