<p>US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (75 767) WASHINGTON, DC 20460</p> <p>NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input checked="" type="checkbox"/> REREGISTRATION <i>(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)</i></p>	<p>EPA REGISTRATION NO. 2623-4</p>	<p>DATE OF ISSUANCE MAR 13 1995</p>
<p>TERM OF ISSUANCE</p>		<p>NAME OF PESTICIDE PRODUCT</p>
<p>Everpure Bacteriostatic Water Filter Model (QC4-DC)</p>		
<p>NAME AND ADDRESS OF REGISTRANT (Include ZIP code)</p> <p>Everpure, Inc. 660 North Blackhawk Drive Westmore, IL 60559</p>		
<p>NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.</p>		
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.</p> <p>A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.</p> <p>Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>Based on your response to the Silver Reregistration Eligibility Document, EPA has reregistered the above named product subject to the comments recorded in the succeeding paragraph. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product. Make the following labeling changes before you release the product for shipment: Make the following labeling changes listed below before you release the product for shipment:</p> <ol style="list-style-type: none"> Add the phrase "EPA Registration No. 2623-4." Include the appropriate EPA Establishment No. In the revised label in the ingredient statement, the terms Active Ingredient and Inert ingredients should be aligned to the same left margin and the label claims should be "Metallic Silver" instead of "Silver." <p><input type="checkbox"/> ATTACHMENT IS APPLICABLE</p>		
<p>SIGNATURE OF APPROVING OFFICIAL</p>	<p>DATE</p>

- 207
- d. Revise the claim "Bacterial growth within this cartridge is inhibited" to read as follows:

"This product inhibits the growth of bacteria in the filter to prolong the life of the filter."

- e. The phrase, "Fine-Filters Asbestos", is not permitted and should be deleted from the product labeling.
- f. The statement "Cartridge should serve a family of four for one year when used with a separate faucet" must be more specific. It should give the number of gallons used per day. Revise the statement to read as follows:

"Cartridge should serve a family of four for one year when using four gallons per day."

- g. Delete the term "Municipally or non-community tap water treated" because it is misleading and should be removed according to the Safe Drinking Water Act and the National Interim Primary Drinking Water Regulations.
- h. Delete the term "General Classification" from the product labeling.
- i. Place the subheading "Directions for Use" directly above the misuse statement.
- j. Revise the statement "Providestap water" to read as follows:

"This product inhibits the growth of bacteria in the filter to prolong the life of the filter."

- k. Revise the statement "Removes residualodors" to read as follows:

"This product is designed to remove objectional tastes, odors, and color from municipally treated tap water."

- l. Place the statement "Keep Out of Reach of Children" directly above the signal word "Caution."
- m. Place the claim " Use with cold water only" on the product labeling as outlined in the product labeling requirements for the Silver RED.
- n. Delete the phrase "Premium Quality Water" from the product labeling. The phrase is considered misleading.

20/1

The Confidential Statement of Formula dated January 11, 1995, is in compliance with PR Notice 91-2, it agrees with the label and is acceptable.

The revised, updated label's ingredient statement is in compliance with PR Notice 91-2, it agrees with the Confidential Statement of Formula and is acceptable.

A stamped copy of the labeling is enclosed for your records.

Submit one copy of final printed labeling before releasing the product in channels of trade with the revised labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Sincerely,

Walter C. Francis
Acting Product Manager (31)
Antimicrobial Program Branch
Registration Division (7505C)

BACTERIOSTATIC WATER FILTER MODEL QC4[®]-DC

Bacterial growth within this cartridge is inhibited.

ACTIVE INGREDIENT: Silver 0.17%

INERT INGREDIENTS: 99.83%

CAUTION —KEEP OUT OF REACH OF CHILDREN

ACCEPTED WITH COMMENTS

MAR 13 1995

2623-4

- REMOVES RESIDUAL CHLORINE, FOUL TASTES & ODORS
FINE FILTERS DIRT, RUST, DISINTEGRATED AND SUPPLEMENT

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For use with cold water only at incoming pressures not exceeding 125 psi (8.6 bar). Rated flow: 0.75 gpm (2.8 lpm) or less. Rated capacity: 1,500 gallons (5,700 liters); capacity may vary depending on flow rate, incoming line pressure and prevailing water conditions.

This product inhibits the growth of bacteria in the filter to prolong the life of the filter.

This product is designed to remove objectionable tastes, odors, and color from municipally treated tap water.

Disposal

When spent, remove this cartridge from QC4[®] head and discard intact, with trash.

Net Contents: one bacteriostatic replacement filter cartridge.
