# CAUTION

Not for Medicinal Purposes. Avoid contact with the skin. If spilled on skin, flood affected areas with water.

- Harmful if swallowed.
- Avoid contamination of food.
- Avoid contact with eyes, if in contact with eyes flush with plenty of water for 15 minutes.
- If irritation persists, get medical attention.

# DIRECTIONS

FOR GENERAL DISINFECTING in hotels, schools, apartments—Apply only to surfaces which have been thoroughly cleaned so that disinfectant solution comes in contact with all contaminated areas. DILUTE one part disinfectant with 100 parts water and wash Toilet seats, Urinals, Lavatories, Sinks, Floors, Cuspidors, Furniture, Garbage Receptacles, and Outdoor Closets with this solution. Pour small quantity of this solution in toilet drains and sink traps to deodorize drains and pipes.

FOR GENERAL CLEANING AND DEODORIZING WHERE DISINFECTING IS NOT DESIRED—Mix one part disinfectant with 200 parts water and use in regular scrubbing solution or as a spray.
