US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS 767) WASHINGTON DC 20460	EPA REGISTRATION NO.	DATE OF ISSUANCE MAR
	TERM OF ISSUANCE	
NOTICE OF PESTICIDE: REGISTRATION REREGISTRATION *Under the Federal Insecticide, Fungicide* *and Rodenticide Act as amended*	NAME OF PESTICIDE PRODUCT	

NAME AND ADDRESS OF REGISTRANT *(Include ZIP Code)*

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

SIGNATURE OF APPROVING OFFICIAL	DATE 3/8/89

58476:I:Tavano:H-3:KENCO:02/24/89:03/08/89:CL:SG:VO:AS

e. Add a Statement of Practical Treatment to the label to read:

Statement of Practical Treatment

If Swallowed: Do not induce vomiting because
of aspiration hazard. Contact a
physician or poison control
center immediately.

f. Since your data matrix does not give a dielectrical breakdown
voltage, the statement "Do not use this product in or on
electrical equipment due to the possibility of shock hazard"
must appear on the labeling.

g. Change the statement "Do not store near heat or open flame" to
read "Do not use or store near heat or open flame."

3. Submit five (5) copies of your final printed labeling before you
release the product for shipment. Refer to the A-79 enclosure for a further
description of final printed labeling.

If these conditions are not complied with, the registration will be
ubject to cancellation in accordance with FIFRA section 6(e). Your release
for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

<u>Back or Side Panel</u>

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

May be harmful if swallowed, inhaled or absorbed through skin. Contains petroleum distillate. Do not induce vomiting because of aspiration hazard. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. In case of contact, immediately flush skin and eyes with plenty of water. Wash thoroughly with soap and water after handling. If poisoning occurs, get prompt medical aid.

Do not apply directly to food. Do not apply while food processing is underway. All food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use.

Remove pets, birds and cover fish aquariums before spraying. Do not allow children or pets to contact treated surface until spray has dried.
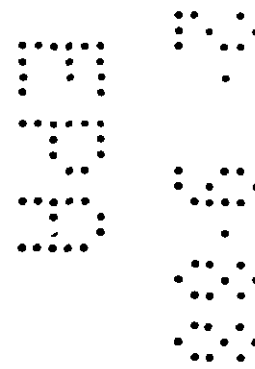

Environmental Hazards: This product is toxic to fish and other aquatic animals. Do not apply directly to lakes, streams or ponds. Do not contaminate water by cleaning of equipment of disposal of wastes.

<u>Physical or Chemical Hazards</u>

Do not store near heat or open flame.

<u>DIRECTIONS FOR USE</u>

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Space Spray to Kill Flies, Mosquitoes, Small Flying Moths and Gnats: Cover or remove exposed food and food handling surfaces. Close room and shut off all air conditioning or ventilating equipment. Apply with mechanical or compressed air sprayer, or with fogger which gives small particle size. Direct spray upwards toward upper corners of room and ceiling. Apply at the rate of 0.5 to 1.0 fluid ounces per 1,000 cu. ft. of space to be treated. Leave room closed for one-half hour. Ventilate room thoroughly before re-entry. Repeat as necessary for insect control.

Contact or Surface Spray to Kill Roaches, Waterbugs and Ants: Cover or remove food before application as described under space spray. Apply with a sprayer that gives large wetting droplets. Force spray into cracks and crevices in walls and floors, areas at base of machinery, behind cabinets, around pipes and openings, along baseboards and other insect harborages. Use one gallon of spray per 1,000 sq. ft. of surface to be treated. For ants, spray trails and all points of entry into the building. Spray ant nests directly with a soaking application. In all cases, contact as many insects as possible directly with the spray. Repeat applications as necessary for control.

STORAGE AND DISPOSAL

<u>Storage</u>: Store in a cool, dry area away from heat or open flame.

<u>Disposal</u>: Securely wrap original container in several layers of newspaper and discard in trash.
