

# KEMIC TICK POWDER

## DIRECTIONS FOR USE...

**THE CONTROL OF BROWN DOG TICKS** on dogs, in veterinary houses, hospitals and other areas is becoming more and more difficult.

**KEMIC TICK POWDER** has been developed especially to aid in the control of Brown Dog Ticks on dogs and premises.

**ON DOGS:** Dust powder liberally over the animal and rub thoroughly into the skin. Be sure to apply also to the feet, between the toes, and on the legs. Comb out dead ticks a few hours after treatment. Repeat at weekly intervals if needed.

**IN KENNELS, DOG HOUSES, ETC.:** Dust in and around sleeping quarters and other areas where ticks occur.

**CAUTION:** Avoid prolonged breathing of dust. Do not contaminate food or water. Wash hands after use. Keep out of reach of children. Keep out of animal's eyes.
