PROT. NO. 2124-168  
TO: MARY DELANEY

**RESIDENTIAL SPRAY**

**GUARANTEED TO KILL  
ANTS, ROACHES, SPIDERS AND  
CERTAIN OTHER CRAWLING INSECTS  
IN AND AROUND THE HOME**

**INSECT-KILLING POWER  
LASTS FOR WEEKS**

**SPRAY ONLY ON SURFACE  
DO NOT USE AS A SPACE SPRAY**

**WARNING: KEEP OUT OF REACH OF CHILDREN  
See back panel for additional cautions.**

**NET WEIGHT 12 OUNCES AVDP.**

## DIRECTIONS FOR USE

ANTS, COCKROACHES, CRICKETS, SILVERFISH, MILLIPEDES, SCORPIONS,  
SPIDERS, CLOVER MITES, EARWIGS, SOWBUGS, WATERBUGS, -- INDOORS:  
Spray thoroughly the infested areas, working spray into cracks, crevices, along  
baseboards, and other places where these insects hide. Apply behind and beneath  
cabinets, refrigerators, sinks, stoves, and in and around waste containers. For  
ants, spray ant trails and areas around door sills and window frames where ants  
enter. Apply spray directly to insects when possible and repeat applications as  
necessary.

BROWN DOG TICKS: Spray sleeping quarters of pets, around baseboards, window  
and door frames, wall cracks, and local areas of floors. Repeat as needed. Fresh  
bedding should be placed in animal quarters after spraying. Do not spray pets.

FLIES, MOSQUITOES, ANTS, CRICKETS, EARWIGS, MILLIPEDES, FLEAS,  
SOWBUGS, CLOVER MITES, AND BROWN DOG TICKS, -- OUTDOORS: Spray  
infested areas thoroughly including outside surfaces of screens, doors, window  
frames, foundations, patios, or other places where insects may enter. For ants,  
spray hills and runways. Repeat as necessary. Do not spray vegetation.

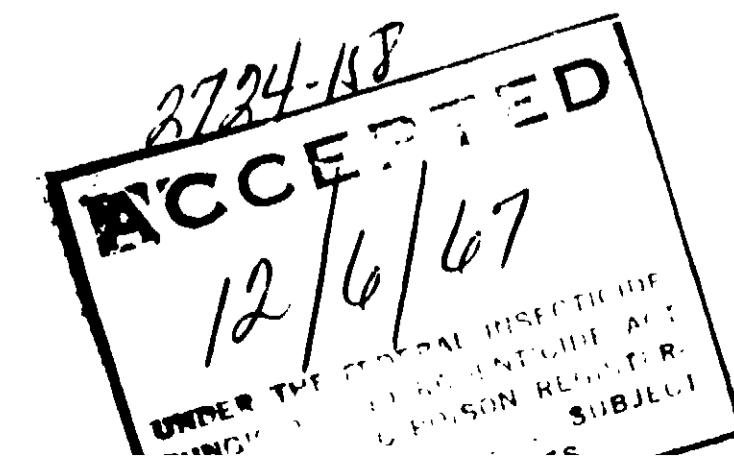

## WARNING

Harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing  
of spray mist and provide adequate ventilation of area being treated. Contact  
with skin, eyes, or clothing should also be avoided. Wash thoroughly with soap  
and warm water after handling. Avoid contamination of food, utensils, and food  
preparation areas. Remove pets and cover fish bowls before spraying. If  
poisoning occurs, obtain prompt medical aid.

To Physician -- Atropine sulfate is antidote.

THURON INDUSTRIES, INC.

12200 Denton Drive  
Dallas, Texas 75234

EXIT RESIDUAL SPRAY is a highly effective new formulation which provides rapid kill of such household insects as listed below, including those resistant to organophosphates, chloroform, and phosphinate compounds.

Insects	Others	Insects
Ants	Bees	Flies
Bed bugs	Beetles	Gnats
Clover mites	Millipedes	Sowbugs
Crickets	Roaches	Spiders

In addition to rapid initial kill, EXIT RESIDUAL SPRAY stays on treated surfaces and kills insects for weeks after the spray deposit has dried.

**HOW TO USE:** EXIT RESIDUAL SPRAY emits a pencil stream spray allowing the user to direct the spray to a distance of 6 feet. Cracks, crevices, and hard-to-reach locations can be reached without bending, crawling, or climbing. Spray infested surfaces until wet, moving the spray stream rapidly to prevent excessive wetting of surfaces, and waste of insecticid. Point spray away from people, plants, and pets.

**RESTRICTIONS:** Do not apply to rugs, carpets, draperies, wallpaper, or similar materials that may be stained. Avoid excessive wetting of plastic, rubber, and asphalt surfaces such as tiles and floor coverings.

**FLAMMABILITY:** Do not spray into or near open flame. Do not smoke while using. Keep container away from stoves, radiators, or other hot surfaces. Do not place in direct sunlight. Temperatures exceeding 120° F. may cause the container to burst. Do not puncture or drop container into fire.

#### ACTIVE INGREDIENTS

MONOCHLOROPROPENE (1,1,1-trichloroethane) 5%  
Isopropyl Alcohol 95%

NET WT. 16 OZ.

6000
