DIRECTIONS FOR USE

GOLDEN MALRIN is a fly bait formula which should be scattered over specified fly feeding surfaces to provide initial knockdown and reduction of the Housefly population.

Use GOLDEN MALRIN only around the outside of feed lots, broiler houses, livestock barns, and kennels. Bait may be used on walkways and ~~manure piles~~ in caged layer houses. Scatter bait at the rate of approximately 1/4 lb. per 500 sq. ft. of fly feeding area. Do not allow food producing animals to have access to treated areas.

CAUTION: Avoid contamination of feed and foodstuffs, and animal quarters. Store this product out of reach of children, poultry and domestic animals. Do not use where milk is stored or processed. Do not use treated garbage for animal feed. Use only in areas inaccessible to food producing animals.

Harmful if swallowed, inhaled, or absorbed through skin. Avoid skin contact.

Do not use in edible products areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place away from water supplies.

This product is toxic to fish, birds and other wildlife. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and handling of this material when such use and handling is contrary to label instructions.
