DIRECTIONS**

DIRECTIONS FOR USE

IMPORTANT: Read these entire directions before using Starbar Dust Bag.

HORN FLY AND LOUSE CONTROL: Suspend Starbar Dust Bag in areas frequented by cattle or in gateways or lanes through which the animals pass daily for water, feed or mineral. Dust Bags may also be suspended in loafing sheds or in front of protected mineral feeders.

FOR LACTATING DAIRY COWS dust bag may be suspended in the exit through which cows leave the milking barn. In all cases, the Dust Bags should be adjusted so that the bottom of the bag will hang four to six inches below the topline of the cattle.

INSTALLATION OF STARBAR DUST BAG: Suspend the Dust Bags by inserting rope, chain, or wire through the grommets at the top of the bag and attaching to an overhead structure or by hooking the grommets into hooks fixed to a stationary overhead 2 x 4 at the heights recommended for horn fly and louse control. Rope, chain or wire can also be tied or attached to two posts or fixed points with the Dust Bag hanging in the center. Install as many Dust Bags as necessary in lanes or other openings to assure proper dusting of the animal. When Dust Bags are provided on a free choice basis, allow one 12½ pound Starbar Dust Bag per 10 to 20 animals. After the bags are in place, pull the rip cord to allow the insecticide to release from the sifter bottom.

RESTRICTIONS: Do not hang Starbar Dust Bag near feed, mineral or water troughs.

CAUTION: Harmful if inhaled or absorbed through the skin. Do not get in eyes or on skin. Do not breathe dust. Wash thoroughly with soap and warm water after handling. Do not contaminate food or feed. Keep out of reach of children. If poisoning occurs obtain prompt medical aid. Prolonged exposure will result in cholinesterase depression.

TO PHYSICIAN: Atropine sulfate is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine.

Do not reuse container. Destroy when empty.

This product is toxic to fish and wildlife. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of uses and handling of this material when such use and handling is contrary to label instructions.
