Schaumburg, IL 60173

Subject: Addition of California Prop 65 Requirement of Label

Dear Ms. Huebl:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (s) (PRN) 98-10 dated September 3, 2009 for:

Flea Collar RF-76 for Cats EPA Registration Number 2724-272
Flea Collar RF-75 for Dogs EPA Registration Number 2724-273 ✓

The Registration Division (RD) has conducted a review of this request for applicability under PRN 98-10 and find that the label change(s) requested falls within the scope of PRN- 98-10. The label has been date-stamped "Notification" and will be placed in our records.

If you have any questions, at 703 305-5409 or electronically at daniel.dani@epa.gov

Sincerely,

A handwritten signature in black ink, appearing to be "Dani Daniel".

Dani Daniel
Registration Division (7505P)
Insecticide/Rodenticide Branch

SUBJECT: LABEL NOTIFICATION FOR FLEA COLLAR RF-75 FOR DOGS
FOR CALIFORNIA PROP 65
EPA REG. NO. 2724-273

Dear Mr. Hebert:

Enclosed is a completed EPA Form 8570-1 and 1 copy of revised labeling for the above product. New text is highlighted in red. I previously (May 09) asked Linda Arrington if the California Prop 65 required statement could be added as a notification and on May 15th, I received an email from Ms. Arrington stating that would be acceptable. Carbaryl was recently (August 7, 2009) listed on the California Prop 65 list so we are adding the appropriate statement to the label. No other changes were made.

I have enclosed a self-addressed postcard for notification confirmation. If you have any questions or if I can provide any further assistance, please, call me directly at 847/330-5376. Thank you for your assistance in this matter.

Yours sincerely,
WELLMARK INTERNATIONAL

 EPA Est. No.

NET CONTENTS:

.....

**READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON DOGS**

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

1. Buckle collar around dog's neck. [Thread flat end of the collar through buckle hole and tighten as necessary, so that at least two ridges are covered by the buckle. Since the plastic buckle is molded into the collar, the possibility of neck irritation and buckle failure is reduced.] Fit collar snug enough to prevent placement of the dog's leg or lower jaw through the collar, yet loose enough to be rotated about the neck. [Generally, if used on large dogs, two or three fingers should fit between the collar and dog's neck.]
2. Leave 1-2 extra inches on the collar for adjustment, cut off excess length and dispose of in trash.
3. Check periodically and adjust fit if necessary, especially when puppies are rapidly growing.
4. May be used in addition to regular collar. Replace collar every 4 months if necessary. [To release the collar, squeeze buckle between thumb and finger and pull sharply.]

STORAGE and DISPOSAL: Store in original unopened container away from children. Do not reuse container or reuse collar. Dispose of in trash.

WHAT TO EXPECT:

For Fleas:

1. This [brand name] collar is designed to kill adult fleas.
2. This [brand name] collar effectively provides continuous protection against adult fleas for up to 4 months.
3. Replace collar every 4 months, if needed, to help control [prevent] flea infestations on your dog.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - WARNING:

May be fatal if swallowed. Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash before reuse. Do not open package [inner envelope] until ready to use. Do not allow children to play with this collar.

NOTICE: This product contains carbaryl, a chemical known to the State of California to cause birth defects or other reproductive harm. (in red bold)

Restrictions: Do not use on puppies under 12 weeks of age. Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant, or nursing animals. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, remove collar and bathe your pet with mild soap and rinse with large amounts of water. Do not use this product on animals simultaneously or within 30 days before or after treatment with or exposure to cholinesterase inhibiting drugs, pesticides, or chemicals. However, flea and tick collars may be immediately replaced.

FIRST AID	
Call a poison control center or doctor immediately for treatment advice.	
If swallowed	<ul style="list-style-type: none"> • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-[950-4783] for emergency medical treatment information.	
NOTE TO PHYSICIAN/VETERINARIAN: Contains an N-methyl carbamate that inhibits cholinesterase. Atropine is antidotal only if symptoms of cholinesterase inhibition are present. Usual symptoms in animals include salivation, labored breathing, incoordination, and pin-point pupils.	

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. To the extent consistent with applicable law, Buyer assumes all risks of use and handling of this material when such use and handling are contrary to label instructions.
