SUBJECT: LABEL NOTIFICATION FOR FLEA COLLAR RF-75 FOR DOGS
FOR CALIFORNIA PROP 65 (CANCER)
EPA REG. NO. 2724-273

Dear Ms. Daniel:

Enclosed is a completed EPA Form 8570-1 and 1 copy of revised labeling for the above product. New text is highlighted in red. Last year, Linda Arrington advised that the California Prop 65 required statement could be added as a notification. We added a Prop 65 reproductive statement in September 2009. On February 5, 2010, Carbaryl was also listed on the California Prop 65 list for cancer effects, so we are additionally adding cancer to the label statement. No other changes were made.

I have enclosed a self-addressed postcard for notification confirmation. If you have any questions or if I can provide any further assistance, please, call me directly at 847/330-5376. Thank you for your assistance in this matter.

Yours sincerely,
WELLMARK INTERNATIONAL

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

[Generally, if used on large dogs, two or three fingers should fit between the collar and dog's neck.]
2. Leave 1-2 extra inches on the collar for adjustment, cut off excess length and dispose of in trash.
3. Check periodically and adjust fit if necessary, especially when puppies are rapidly growing.
4. May be used in addition to regular collar. Replace collar every 4 months if necessary. [To release the collar, squeeze buckle between thumb and finger and pull sharply.]

STORAGE and DISPOSAL: Store in original unopened container away from children. Do not reuse container or reuse collar. Dispose of in trash.
