# Golden Malrin<sup>®</sup> RF-128 Fly Killer

**Fly Bait With Muscamone  
Fly Attractant**

**Attracts and  
Kills More Flies**

ACTIVE INGREDIENTS: Methomyl (s-methyl N-[methylcarbamoyl] oxy) thioacetimidate .....	1.000%
(Z)-9-tricosene .....	0.025%
INERT INGREDIENTS .....	98.975%
	100.000%

**CAUTION:** Keep Out of Reach of Children  
See back panel for additional cautions

**NET WEIGHT:**

LABEL  
25 and 100 lb.  
fiber drums

**NEXT**

**LABEL**

LABEL

15 gram pouch  
1 lb. and 5 lb.  
metal cans

#### DIRECTIONS FOR USE — GENERAL USE CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**GOLDEN MALRIN FLY KILLER** is an improved fly bait formula containing MUSCAMONE fly attractant which encourages both male and female flies to remain in the treated area, thus feeding on the bait. Bait should be scattered over specified fly feeding surfaces daily or as needed to provide initial knockdown and reduction of fly populations. Distribute bait from container or other device to avoid handling bait.

Use **GOLDEN MALRIN FLY KILLER** only around the outside of feed lots, broiler houses, livestock barns, kennels, food processing plants and restaurants. Bait may be used on walkways in caged layer houses. Scatter bait at the rate of approximately 1/4 lb. per 500 sq. ft. of fly feeding area. Do not allow food producing animals to have access to treated areas.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Do not reuse empty container. Open dumping is prohibited. Dispose of in an incinerator or landfill approved for pesticide containers or bury in a safe place. Pesticides that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies. Consult federal, state or local disposal authorities for approved alternate procedures such as limited open burning.

#### PRECAUTIONARY STATEMENTS

##### CAUTION

**HAZARD TO HUMANS AND DOMESTIC ANIMALS.** Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing dust. Avoid contact with skin, eyes or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. If swallowed drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger or blunt object. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention.

**NOTE TO PHYSICIAN:** Methomyl is a cholinesterase inhibitor.

Do not contaminate feed and foodstuffs. Do not apply where poultry or animals, especially young calves can pick it up or lick it. Do not use in homes or where milk is processed or stored. Do not feed treated garbage. Use only in areas inaccessible to food producing animals.

Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

**ENVIRONMENTAL HAZARDS:** Exposed surfaces treated with this bait are hazardous to birds and other wildlife. Use with care when applying in areas frequented by wildlife or adjacent to any body of water. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

Seller makes no warranty, express or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risks of use and handling of this material when such use and handling are contrary to label instructions.
