**PRECAUTIONARY STATEMENTS**

**HAZARD TO HUMANS AND DOMESTIC ANIMALS - CAUTION:** Harmful if swallowed or inhaled. Avoid breathing dust. Do not get in eyes, on skin, or on clothing. If in eyes, rinse eyes for at least 15 minutes with water and call a physician immediately. Wash thoroughly with soap and water after handling and before eating or smoking. Avoid contamination of feed and foodstuffs.

**STATEMENT OF PRACTICAL TREATMENT:** If swallowed - drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention immediately. If inhaled - remove victim to fresh air and apply respiration if indicated. If on skin - wash promptly with soap and water, rinse thoroughly. If in eyes - rinse eyes for at least 15 minutes with water and call a physician immediately.

**NOTE TO PHYSICIAN AND VETERINARIAN:** Zoecor RF-48 Beef Cattle and Swine Dust is an organophosphorous insecticide. Atropine is antidotal. Usual symptoms of organophosphorous poisoning in man include: headache, blurred vision, weakness, nausea, discomfort in the chest, vomiting, abdominal cramps, diarrhea, salivation, sweating, pinpoint pupils. Usual symptoms of organophosphorous poisoning in animals include salivation and labored breathing.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish and wildlife. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

**DIRECTIONS FOR USE -** It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Zoecor RF-48 Beef Cattle and Swine Dust is a ready-to-use insecticide dust for the control of lice on cattle and swine as a hand application. The applicator should wear protective gloves when applying this product. This dust also controls hornflies on cattle as a dust bag treatment and aids in the control of faceflies. Do not apply within one day of slaughter. Do not use on dairy cattle. Do not place dust bag near dairy cows or milking apparatus.

ANIMAL	INSECT	USE INSTRUCTIONS
Beef Cattle	Hornflies, Faceflies & Lice	<b>SEMI-DUST BAG</b> Forced Use: Put Zoecor RF-48 Beef Cattle and Swine Dust in dust bag, and hang in barn door exits or alleyways leading from animal buildings. Hang near salt or mineral blocks or watering holes. Protect dust bags from weather.  Free Choice Use: Place dust bags in loafing sheds, holding pens, feedlots, near watering holes or other areas where cattle gather.
	Hornflies & Faceflies	<b>MANE DUSTING</b> Apply 1 ounce of dust per adult animal. Use proportionately smaller quantities for younger animals. Apply to upper portions of back, neck and poll and lightly rub in. Retreat as necessary.
	Lice	Apply 1/2 ounce of dust per 100 pounds of body weight not to exceed 4 ounces per animal. Apply to upper portions of back, neck and poll and lightly rub in. Retreat as necessary.
Swine	Lice	<b>MANE DUSTING</b> Apply 1/2 to 1 ounce of dust per animal to backline and lightly rub in. Repeat in 10 to 14 days or as necessary.

**STORAGE & DISPOSAL:** Do not contaminate water, food, or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not use empty container in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

Seller makes no warranty, express or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risks of use and handling of this material when such use and handling are contrary to label instructions.
