BEST AVAILABLE COPY

Zoecon RF-191 Fogger kills (or controls) cockroaches, flies, ticks and fleas. Zoecon RF-191 Fogger reaches fleas hidden in carpets, rugs, drapes, upholstery, pet bedding, floor cracks. Protects your home from flea buildup, your pets and family from bites.

Zoecon RF-191 Fogger leaves no bad smell or sticky mess and, used as directed, does not stain furnishings.

To protect your pet against fleas outdoors, use a (brand name) flea or flea and tick collar.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS-CAUTION: May cause eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Harmful if inhaled. Avoid breathing spray mist. Cover or remove fish bowls or aquaria. Do not apply to animals or humans.

Avoid contamination of food and foodstuffs. Do not use in edible product areas where food is commercially prepared, processed, or stored. Do not use in serving areas while food is exposed.

STATEMENT OF PRACTICAL TREATMENT: If in eyes - Flush with plenty of water. Get medical attention if irritation persists. If inhaled - Remove victim to fresh air. Apply artificial respiration if indicated. If on skin - Remove contaminated clothing and wash affected areas with soap and water.

PHYSICAL AND CHEMICAL HAZARDS: Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not smoke in use area. Do not use in small, enclosed or restricted spaces such as cabinets, closets or under tables. Use of more than one fogger per 12,000 cubic feet (or 1,500 square feet) may pose a fire hazard.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use one fogger for each 12,000 cubic feet (or 1,500 square feet) of unobstructed area (approximately 38' x 38' or twelve 10' x 12' rooms). For best results, entire dwelling should be treated [with particular attention to kitchens and bathrooms].

1. Close outside doors and windows and turn off fans and air conditioners. Open interior doors, cupboards and closets of areas to be treated.
2. Extinguish open flames except pilot lights.
3. Remove pets, but be sure to leave pet bedding as this is a primary hiding place for fleas and must be treated to get best results. No need to discard pet bedding after treatment.
4. Cover or remove fish tanks and bowls. Cover or remove exposed food, dishes, utensils, food handling equipment and plastic items such as eye glasses, stereo covers, and notion boxes. Do not use in commercial food processing or food storage areas. Leave rugs, drapes, slip covers, upholstered furniture in place. Used as directed this product will not harm them, just the fleas hiding inside.
5. Place fogger on a raised area such as a table or chair with newspapers covering the area directly under the can, at least 6 feet from pilot lights.
6. Keeping at arm's length, point top of can away from face and press down actuator tab to lock in position and start fogging action. Set in an upright position and leave treated area for 2 hours.
7. After 2 hours, open all doors and windows, turn on air conditioners and fans, and let the treated area air for 30 minutes.
8. All food processing surfaces should be covered during treatment or thoroughly cleaned before using.

STORAGE & DISPOSAL

Store in cool area away from children. Do not reuse empty container. Wrap and put in trash.
