Zoecon RF-213 Aerosol kills adult and pre-adult fleas. Prevents pre-adult fleas from hatching into adult biting fleas for 75 days (10 weeks)(2 1/2 months).

Zoecon RF-213 Aerosol contains a unique combination of ingredients that kills (both) adult and pre-adult fleas (before they grow up to bite). It reaches fleas hidden in carpets, rugs, upholstery and pet bedding. Protects your home from reinfestation and flea buildup, your pets and family from bites.

One treatment with Zoecon RF-213 Aerosol gives continuous protection against fleas for 75 days (10 weeks)(2 1/2 months).

Zoecon RF-213 Aerosol kills fleas, ticks, roaches, ants, spiders, crickets, silverfish, earwigs, and pillbugs on contact.

Zoecon RF-213 Aerosol leaves no bad smell, no sticky mess and will not stain furnishings.

To protect your pet against fleas outdoors, use a (brand name) flea or flea and tick collar, (brand name) pet dust, (brand name) pet dip, or (brand name) pet shampoo.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION: Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing mist. Avoid contact with skin, eyes, or clothing. Wash thoroughly after handling.

STATEMENT OF PRACTICAL TREATMENT. If swallowed - Call a physician or Poison Control Center immediately. Do not induce vomiting. Note to Physician: May present aspiration hazard. Atropine should be administered only if symptoms of cholinesterase inhibition appear. If inhaled - Remove victim to fresh air. Apply artificial respiration if indicated. If on skin - Remove contaminated clothing and wash affected areas with soap and water. If in eyes - Flush eyes with plenty of water. Call a physician immediately.

Avoid contamination of food and feedstuffs. Do not use in edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Keep children and other occupants off treated area until dry.

PHYSICAL AND CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flames. Exposure to temperatures above 130°F may cause bursting. Do not puncture or incinerate.

DIRECTIONS FOR USE - It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Fleas - Hold can (upside down) 18" feet from surfaces to be treated. Be sure to apply uniformly using a sweeping motion to carpets, rugs, drapes and all surfaces of upholstered furniture. Be sure to treat pet bedding as this is a primary hiding place for fleas. Need to remove pet bedding after treatment. Do Not Inhale Mist. Retreat as necessary.

One can of Zoecon RF-213 Aerosol will treat a surface area equivalent to approximately four 4' x 4' floor mats. Avoid wetting furniture and carpeting. A fine mist or spray application is all that is necessary to kill fleas.

To effectively kill ticks with Zoecon RF-213 Aerosol follow the directions for fleas.

To kill roaches, ants, spiders, crickets, silverfish, earwigs, and pillbugs, apply directly to pests.

STORAGE & DISPOSAL: Store in cool area away from children. Do not reuse empty containers. Wrap and put in trash collection.

Seller makes no warranty, express or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and handling of this material when use and handling are contrary to label instructions.
