NET CONTENTS: 6 oz. (170 g)

GENCOR is a trademark of Zeecon Corporation

Reg.# 2724-324

This product contains GENCOR™ Insect Growth Regulator, an ingredient which inhibits roaches' natural ability to reproduce, thereby eliminating future generations, and an ingredient that kills existing roaches. This powerful formula reaches roaches through cracks and crevices to kill them where they hide.

One to two weeks after application you will begin to see roaches with crinkled wings - showing the effects of GENCOR. These roaches cannot reproduce. Immature roaches are prevented from developing into reproductive adults, thereby effectively breaking the roach life cycle.

Use Zeecon RF-253 Fogger to kill adult roaches and to inhibit roaches' natural ability to reproduce future generations. Zeecon RF-253 Fogger should be applied every 4 months to maintain continuous protection.

Zeecon RF-253 Fogger leaves no bad smell, no sticky mess, and used as directed, does not stain furnishings.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - WARNING: May cause eye irritation. Do not get in eyes. Avoid contact with skin and clothing. Harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing mist. Do not apply to animals or humans.

Avoid contamination of food and foodstuffs. Do not use in edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared, processed or stored. Do not use in serving areas while food is exposed.

STATEMENT OF PRACTICAL TREATMENT: If in eyes - Flush with plenty of water. Get medical attention if irritation persists. If inhaled - Remove victim to fresh air. Apply artificial respiration if indicated. If on skin - Remove contaminated clothing and wash affected areas with soap and water. If swallowed - Get medical attention.

PHYSICAL AND CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. DO NOT use in small, enclosed or restricted spaces such as cabinets, closets or under tables.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For best results, treat entire dwelling with particular attention to kitchens and bathrooms. Use one fogger for each 375 sq.ft. (3000 ft³) of floor space.

1. Close outside doors and windows and turn off fans and air conditioners.
2. Extinguish open flames, except pilot light.
3. Open interior doors and closets of areas to be treated. Open all cupboards and drawers and remove contents.
4. Remove pets. Cover or remove fish tanks and bowls.
5. Cover or remove exposed food, dishes, utensils, food handling equipment and plastic items such as eye glasses, stereo covers, and notion boxes. All food processing surfaces should be covered during treatment or thoroughly cleaned before using.
6. Leave rugs, drapes, slipcovers, and upholstered furniture in place. Used as directed, this product will not harm them.
7. Place fogger on floor, table or chair with newspapers covering the area directly under the can.
8. Keeping at arm's length, point top of can away from face and press down actuator tab to lock in position and start fogging action. Set in an upright position and leave treated area for 2 hours.
9. After 2 hours, open all doors and windows, turn on air conditioners and fans, and let treated area air for 30 minutes.

STORAGE & DISPOSAL:

Store in cool area away from children. Wrap container and put in trash.
