Dear Ms. Parker:

Subject: Zoecon RF-254 Aerosol  
EPA Registration No. 2724-325

The amendment referred to above, submitted in connection with registration under section 3(c)(7)(A) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable provided that you:

1. Change the signal word of your product from WARNING to CAUTION.
2. Amend your label claim to include "Kills Asian Roaches on Contact."
3. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
4. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

Joseph M. Tavano  
Acting Product Manager (17)

Under no circumstances shall this product be used for the purpose of...  
Registered under EPA Reg. No.

2724-325

This product contains GENCOR<sup>™</sup> Insect Growth Regulator which inhibits roaches' natural ability to reproduce, for several generations, and an ingredient (adulticide) that kills roaches. This powerful formula reaches roaches through cracks and crevices where they hide.

One to two weeks after application you will begin to see the effects of GENCOR. These roaches are prevented from developing into reproductive adults, thereby breaking the roach life cycle.

Use Zoecon RF-254 Aerosol to kill adult roaches and prevent their ability to reproduce future generations. Zoecon RF-254 provides protection every 4 months to maintain continuous protection.

Zoecon RF-254 Aerosol leaves no bad smell, no sticky residue, and does not stain furnishings.
