Zoecon RF-279 Aerosol kills adult and hatching fleas [preadult (larvae) fleas] [hatching eggs (larvae)]. Prevents fleas from hatching into adult biting fleas for 210 Days [7 Months] [30 Weeks].

Zoecon RF-279 Aerosol contains a unique combination of ingredients that kills [both] adult and hatching fleas [preadult (larvae) fleas] [hatching eggs (larvae)]. [Zoecon RF-279 Aerosol contains a unique combination of ingredients that kills adult fleas and kills hatching fleas [preadult (larvae) fleas] [hatching eggs (larvae)] before they grow up to bite.] It reaches fleas hidden in carpets, rugs, drapes, upholstery and pet bedding. Protects your home from flea buildup, your pets and family from bites.

One treatment with Zoecon RF-279 Aerosol gives continuous protection against hatching fleas [preadult (larvae) fleas] [hatching eggs (larvae)] for 210 Days [7 Months] [30 Weeks].

Zoecon RF-279 Aerosol kills adult fleas, ticks, roaches, ants, spiders, crickets, silverfish, earwigs, and pillbugs on contact.

Zoecon RF-279 Aerosol leaves no bad smell, no sticky mess and will not stain furnishings.

To protect your pet against fleas outdoors, use a (brand name) flea or flea and tick collar, (brand name) pet dust, (brand name) pet dip, or (brand name) pet shampoo.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION: Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing mist. Avoid contact with skin, eyes, or clothing. Wash thoroughly after handling.

STATEMENT OF PRACTICAL TREATMENT: If swallowed - Call a physician or Poison Control Center immediately. Do not induce vomiting. Note to Physician: May present aspiration hazard. Atropine should be administered only if symptoms of cholinesterase inhibition appear. If inhaled - Remove victim to fresh air. Apply artificial respiration if indicated. If on skin - Remove contaminated clothing and wash affected areas with soap and water. If in eyes - Flush eyes with plenty of water. Call a physician immediately.

Avoid contamination of food and foodstuffs. Do not use in edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Keep children and other occupants off treated area until dry.

PHYSICAL OR CHEMICAL HAZARDS: FLAMMABLE. Contents under pressure. Do not use or store near heat or open flames. Do not smoke in the use area. Do not puncture or incinerate. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE - It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Fleas: Hold can [upside down] 2-3 feet from surfaces to be treated. Be sure to apply uniformly using a sweeping motion to carpets, rugs, drapes and all surfaces of upholstered furniture. Be sure to treat pet bedding as this is a primary hiding place for fleas. No need to remove pet bedding after treatment. **DO NOT TREAT PETS.** Re-treat as necessary.

One can of Zoecon RF-279 Aerosol will treat a surface area equivalent to approximately three 9' X 12' rooms. Avoid wetting furniture and carpeting. A fine mist or spray applied uniformly is all that is necessary to kill fleas.

Ticks: To effectively kill ticks with Zoecon RF-279 Aerosol follow the directions for fleas.

To kill roaches, ants, spiders, crickets, silverfish, earwigs, and pillbugs; apply directly to pests.

STORAGE & DISPOSAL: Store in cool area away from children. Do not reuse empty container. Wrap and put in trash collection.

Zoecon Corporation warrants that the chemical composition of this product conforms to the chemical description on the label and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. Zoecon makes no other warranty, express or implied, concerning the use of this product other than as indicated on the label. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given on the label.
