ACCEPTED

JUN 20 1996

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 2724-338

FOR USE INDOORS

Zoecon RF-275 Spray kills adult and preadult fleas. Prevents preadult fleas from hatching into adult biting fleas for 210 days (30 weeks)(7 months). Zoecon RF-275 Spray contains a unique combination of ingredients that kills (both) adult and preadult fleas before they grow up to bite. It reaches fleas hidden in carpets, rugs, drapes, upholstery, and pet bedding. Protects your home from reinfestation and flea build-up, your pets and family from bites. One treatment gives continuous protection against preadult fleas for 210 days (30 weeks)(7 months).

Zoecon RF-275 Spray kills fleas, ticks, roaches, waterbugs, silverfish, crickets, ants, centipedes, sowbugs, and spiders. Leaves no bad smell, no sticky mess, and will not stain furnishings.

FOR USE ON DOGS AND CATS

Zoecon RF-275 Spray (also) kills fleas and ticks on dogs and cats.

To protect your pet against fleas outdoors, use a (brand name) flea or flea and tick collar, (brand name) pet dust, (brand name) pet dip, or (brand name) pet shampoo.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION: May be harmful if swallowed or inhaled. Avoid contact with skin, eyes, or clothing. Wash thoroughly after using. When used in commercial food processing, storage, preparation or serving areas, or in the house, all processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Cover exposed food. Do not apply while processing, preparation, or serving is underway. Remove birds and cover fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT: If swallowed - Call physician or Poison Control Center immediately. If on skin - Wash affected area with soap and water. If in eyes - Flush eyes with plenty of water. Call a physician if irritation persists.

PHYSICAL AND CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate. Exposure to temperatures above 130° F may cause bursting. Do not smoke while using product. Ventilate small, enclosed, or restricted spaces such as cabinets and closets immediately after spraying.

DIRECTIONS FOR USE: - It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not use this product in or on electrical equipment (such as computers, radios, televisions, telephones, etc.) due to the possibility of shock hazard.

FOR USE INDOORS

Fleas and Ticks: Hold can [upside down] 2-3 feet from surfaces to be treated. Be sure to apply uniformly using a sweeping motion to carpets, rugs, drapes, and all surfaces of upholstered furniture. One can will treat a surface area equivalent to approximately three 9' X 12' rooms. Avoid wetting furniture and carpeting. Do not spray wood surfaces as water spotting may occur. A fine mist or spray applied uniformly is all that is necessary to kill fleas and ticks. Re-treat as necessary.

To kill roaches, waterbugs, silverfish, crickets, ants, centipedes, sowbugs, and spiders, apply directly to pests.

FOR USE IN PET AREA

Be sure to treat pet bedding and other resting places as these are primary hiding places for fleas and ticks. No need to remove pet bedding after treatment. Follow directions as for other indoor areas.

FOR USE ON DOGS AND CATS

Fleas and Ticks: Spray at a distance of 6-12 inches until the entire coat is damp. Ruffle coat and spray against the lay of the hair for best coverage. Be sure spray wets ticks for best results. Re-treat as necessary.

STORAGE & DISPOSAL: Store in a cool area away from children. Do not reuse empty container. Wrap and put in trash.

Seller makes no warranty, express or implied, concerning the use and handling of this product other than indicated on the label. Buyer assumes all risks of use and handling of this material when such use and handling are contrary to label instructions.
