NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 2724-344" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

(S)-Hydroprene [Ethyl (2E,4E,7S)-3,7,11-trimethyl-2,4-dodecadienoate]..... 0.3%

INERT INGREDIENTS..... 99.7%  
Total..... 100.0%

KEEP OUT OF REACH OF CHILDREN

## CAUTION

See Back Panel For Additional Precautionary Statements

**NET CONTENTS: 12 oz (340 g)**

GENCOR is a trademark of Sanduz, Ltd.

The active ingredient in the Zoecon RF-285 Aerosol is GENCOR<sup>R</sup> Insect Growth Regulator. GENCOR is unique populations without direct poisoning like conventional biorational insecticide is also unique in that it hormones that occur naturally in insects.

The Zoecon RF-285 Aerosol provides the elimination of unique characteristics of the biorational insecticide GENCOR effectively controls roach populations by inhibiting two weeks after application you will begin to see roaches showing the effects of GENCOR. These roaches can not be prevented from developing into reproductive adults the roach life cycle.

GENCOR causes a gradual reduction and ultimate population. A conventional insecticide effective in killing with the Zoecon RF-285 Aerosol if a large roach population RF-285 Aerosol should then be applied every 4 months protection.

When GENCOR is applied by itself a reduction in the roach population be noticed at around 4 months. Major population reduction in 6 months. Zoecon RF-285 Aerosol should be applied for continuous protection.

Zoecon RF-285 Aerosol is also effective in controlling the flea lifecycle by preventing the flea from reproducing.

### PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION: Harmful if absorbed through the skin. Avoid breathing mist. Avoid contact with eyes or clothing. May cause eye irritation.
