GENCOR is a trademark of Sandoz Ltd.

This product contains GENCOR<sup>™</sup> Insect Growth Regulator which inhibits roaches' natural ability to reproduce, through several generations, and an ingredient (adulticide) that kills adult roaches. The formula reaches roaches through cracks and crevices to kill them.

One to two weeks after application you will begin to see the effects of wings - showing the effects of GENCOR. These roaches are prevented from developing into reproductive adults, thereby breaking the roach life cycle.

Use Zoecon RF-288 Aerosol to kill adult roaches and to prevent their ability to reproduce future generations. Zoecon RF-288 Aerosol every 4 months to maintain continuous protection.

Zoecon RF-288 Aerosol is also effective in controlling flea populations. It effectively breaks the flea life cycle by preventing their reproduction.

Zoecon RF-288 Aerosol leaves no bad smell, no sticky mess, and does not stain furnishings.
