NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 2724-357."
- b. A 1-year storage stability study on this product must be submitted within 15 months from the date of this Registration Notice.
- c. Accession Number 262736 has been assigned to the product chemistry data.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION: This use as an insecticide generator and is not to be taken by humans or domestic animals. Not intended for use by humans. Do not allow children to touch this collar. Wash hands with soap and water after handling. Do not use on sick or debilitated animals or cats under 12 weeks of age.

Do not use other cholinesterase inhibiting insecticide or insecticide wearing collar. Some cats may be sensitive to this collar. Watch for any sign of irritation or adverse reaction (muscular tremor, salivation, and/or diarrhea).

The insecticide in this collar is a cholinesterase inhibitor.

NOTE TO PHYSICIAN/VETERINARIAN: Atropine only by injection if symptoms of cholinesterase inhibition are present.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Zoecon RF-296 Collar for Cats contains DURSBAN[®], one of the most effective flea and tick killers available for use on cats. The collar provides maximum effectiveness within 2 to 3 days after placing on the cat and will continue to protect your cat against fleas and ticks for up to 6 months.

Place Zoecon RF-296 Collar for Cats around cat's neck so that it has a proper fit. Cut off and dispose of excess length. Do not wear the collar loosely so that two fingers can be placed between collar and neck. If the collar is worn too tightly, neck irritation may result. Do not use if present in the cat's environment that may appear on your cat. The action of this collar. Collar's effectiveness is not affected by wetting such as rainfall; however, it is suggested that you wash before bathing.

STORAGE & DISPOSAL: Store in original container away from children. Do not reuse container or used collar. Collar and put in trash collection.
