RE: Product Name: Zoecon Granular IGR Cattle Supplement
EPA Reg. No: 2724-372
Application for Label Notification dated July 7, 2010 to add "mineral" as
optional text to a label claim.

Dear Ms. Doolin:

The Biopesticides and Pollution Prevention Division is in receipt of your application for Notification under PR Notice 98-10 dated above. A preliminary screen of this request has been conducted for its applicability under PR Notice 98-10 and it has been determined that the action(s) requested falls within the scope of PR Notice 98-10. Our records have been duly noted, and the label submitted with this application has been stamped "Notification Accepted" and will be placed accordingly in our records.

If you have any questions concerning this action, please feel free to contact Mr. Colin Walsh at (703) 308-0298 or via email at walsh.colin@epa.gov.

Sincerely,

Linda A. Hollis

Linda A. Hollis, Chief
Biochemical Pesticides Branch
Biopesticides and Pollution Prevention
Division (7511P)

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

This product contains high levels of copper. Consumption of this product by sheep or goats could result in copper toxicity. (Optional text - If product contains over 10 ppm copper).

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic invertebrates. Using it in a manner other than that described by the label could result in harm to aquatic invertebrates. Do not contaminate water when disposing of rinsate or equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FEEDING AND MANAGEMENT INSTRUCTIONS

When used as directed Zoëcon® Granular IGR Cattle Supplement will provide sufficient S-methoprene insect growth regulator to prevent the emergence of adult horn flies from manure of treated cattle. Existing adult horn flies will not be affected. Start feeding before horn flies appear and continue use until cold weather marks the end of horn fly season. Use the following management techniques to **maintain continuous intake of Zoëcon Granular IGR Cattle Supplement at a level of 1/4 to 1/2 lb per 100 lb animal body weight per month.**

1. Assure cattle are not starved for nutrients in Zoëcon Granular IGR Cattle Supplement by providing them prior to feeding Zoëcon Granular IGR Cattle Supplement.
2. Offer cattle 50 lb of Zoëcon Granular IGR Cattle Supplement for every 15 head of cattle.
3. Remove all other self-limiting nutritional supplements.
4. Locate Zoëcon Granular IGR Cattle Supplement where cattle congregate (watering, loafing, shade areas).
5. Replenish Zoëcon Granular IGR Cattle Supplement on a regular basis as needed.
6. If intake of Zoëcon Granular IGR Cattle Supplement is below 1/4 lb per 100 lb animal body weight per month increase the number of feeding locations and/or change location(s) to areas more frequented by cattle.
7. If intake of Zoëcon Granular IGR Cattle Supplement is above 1/2 lb per 100 lb animal body weight reduce the number of feeding locations and/or change location(s) to areas less frequented by cattle.
8. Introduction of this product after an adult horn fly infestation is established will require treatment of cattle with adulticides if immediate elimination of the adult fly population is desired.

leaf 6

STORAGE AND DISPOSAL
 Do not contaminate water, food, or feed by storage or disposal.
Storage: Store Zoëcon Granular IGR Cattle Supplement in a cool place.
Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Handling:** Nonrefillable container. Do not reuse or refill this container. Completely empty bag Then offer for recycling if available, or dispose of empty bag in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.
