Subject: Label Amendment Application Dated May 9, 2003
EPA Registration No. 2724-377
Update First Aid Statement per PR Notice 2001-1

Dear Ms. Huebl:

The amendment to update the First Aid Statement per PRN 2001-1, submitted in connection with registration under FIFRA section 3(c)(7)(A), is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) and section 4 when the Agency requires all registrants of similar products to submit such data.
2. Submit three (3) copies of your final printed labeling before you release the product for shipment. Final printed labeling means the label or labeling of the product when distributed or sold. Clearly legible reproductions or photo reductions will be accepted for unusual labels, such as those silk-screened directly onto glass or metal containers or large bags or drum labels.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Sheryl K. Reilly, Chief, BPB
Biopesticides and Pollution Prevention Division
7511C

EPA Est. No.
Permit #SDA-TX (44)-1292

Net Contents: (X gal) XL

ACCEPTED
MAR 08 2004
2724-377

INTRODUCTION: Exposure of the larval instars of the cigarette beetle (*Lasioderma serricorne*) and tobacco moth (*Ephestia elutella*) to **KABAT**® Tobacco Protector (**KABAT**) prevents adult emergence. **KABAT** contains an Insect Growth Regulator which has no effect on pupae or adult insects. When applied as directed, **KABAT** has sufficient field life under varying tobacco storage conditions to prevent insect population increase.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

MIXING AND APPLICATION INSTRUCTIONS: Apply 0.2 pounds (3.9 fl oz) of **KABAT** per 1000 lb of tobacco. Apply **KABAT** directly to tobacco immediately prior to compaction in hogsheads. Assure complete coverage by using multi-directional sprayers and tumbling. **KABAT** may be applied by using a proportional dilution apparatus or preparation of a dilute spray solution.

Preferred Application Method: Use a proportional dilution apparatus designed or approved by Wellmark International. Adjust the **KABAT** delivery rate to the tobacco flow rate to ensure treatment at the required concentration. Select the **KABAT**/water ratio to achieve adequate coverage and the desired degree of moisture adjustment of the tobacco.

Alternate Application Method: Prepare a spray solution by mixing **KABAT** with SDA-4 alcohol and water as follows: For each 1000 pounds of tobacco to be treated, add 0.2 lb (3.0 fluid ounces) of **KABAT** to 2.5 lb (49 fl oz) of SDA-4 alcohol. With agitation, add 7.3 lb of water (112 fl oz) for a total of 10 lb (160 fl oz) of spray solution. Agitate until homogeneous. Use the diluted **KABAT** spray mixture within 24 hours.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - DANGER: Causes irreversible eye damage. Do not get in eyes or on clothing. Wear protective eyewear (goggles, face shield or safety glasses). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

FIRST AID	
Call a poison control center or doctor immediately for treatment advice.	
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-[phone number] for emergency medical treatment information.	
Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.	

Note: First Aid statement paragraph format may be used if space is limited.]
