Subject: Amended Reregistration Label
Product Name: Zoecon RF-299 RTU Carpet Pump Spray
EPA Registration Number: 2724-401
EPA Decision Numbers: 413626

Dear Dr. McFadden,

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Permethrin RED, and has concluded that your submission is acceptable.

NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

Please also note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

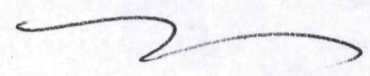

- Basic CSF, dated March 31, 2010
- Alternate CSF 1, dated March 31, 2010

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

Finally, please be aware that should you wish to add/retain a reference to a website on your label, then the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, *regardless of whether a website is referenced on your product's label*, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website may be referred to the EPA's Office of Enforcement and Compliance Assurance.

If you have any questions about this letter, please contact Julie Chao at (703) 308-8735 or chao.julie@epa.gov.

Sincerely,

RJG
Richard J. Gebken
Product Manager (10)
Insecticide Branch

Controls stages of fleas that don't look like fleas

READ ENTIRE LABEL BEFORE EACH USE.

[Brand Name is formulated to stop hatching eggs from developing into adult fleas and kill pre-adult fleas (larvae) before they grow up to bite. It reaches and kills fleas hidden in carpets, rugs, upholstery, and pet bedding. It reduces/prevents flea build-up in your home. Use in homes, garages, attics and apartments.]

Zoecon RF-299 RTU Carpet Pump Spray [Brand name] kills adult and pre-adult fleas. It prevents pre-adult fleas from hatching into adult biting fleas for 7 months [30 weeks][210 days].

Zoecon RF-299 RTU Carpet Pump Spray [Brand name] contains a unique combination of ingredients that kills pre-adult fleas before they grow up to bite and kills adult fleas. It reaches fleas hidden in carpets, rugs, upholstery and pet bedding. It reduces/prevents flea build-up in your home. One treatment gives continuous protection against pre-adult fleas for 7 months [210 days][30 weeks].

Zoecon RF-299 RTU Carpet Pump Spray [Brand name] kills fleas, ticks, roaches, silverfish, earwigs, bedbugs, and ants. It leaves no bad smell, no sticky mess, no stains. This product is designed for use on all fabrics and carpeting; however, some natural fibers [such as wool] and synthetics may be adversely affected by any liquid product - always test a hidden area prior to use. Lighter colored carpets may show some soiling after treatment. To help avoid soiling carpets, allow product to dry completely before walking on treated areas.

This product must not be used on pets. To protect your pet against fleas outdoors, use a (brand name) flea or flea and tick collar, (brand name) pet dust [powder], (brand name) pet spray, (brand name) pet sponge-on, (brand name) pet spot on, (brand name) pet shampoo, or other appropriate product for on-animal use.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS-- CAUTION: Harmful if absorbed through the skin. Harmful if inhaled. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash clothing before reuse.

FIRST AID	
Call a poison control center or doctor immediately for treatment advice.	
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.
Inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-[phone number] for emergency medical treatment information.	

[Note: First Aid statement paragraph format may be used if space is limited.]

PHYSICAL OR CHEMICAL HAZARDS: Combustible. Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

PRECAUTIONS AND RESTRICTIONS

Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Remove pets, birds, and cover fish aquariums before spraying.

Do not allow adults, children, or pets to enter the treated area until sprays have dried.

Not for broadcast use on indoor residential surfaces.

Do not contaminate food and foodstuffs. Do not use in the edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared, processed, stored, or served.

DO NOT SPRAY ON PETS OR HUMANS.

Shake well before using.

Fleas: Use Zoecon RF-299 RTU Carpet Pump Spray [Brand name] in homes, [garages],[attics], [apartments] and [hotels]. One bottle will treat a surface area equivalent to approximately [3][2] [9' X 12'] [8][4][3][2][10' X 10'] rooms. Apply as a uniform spray to kill fleas. Avoid wetting furniture and carpeting. For maximum effectiveness treat entire carpeted area. Treat carpets, rugs, drapes and all surfaces of upholstered furniture. Remove old pet bedding and replace with clean fresh bedding after treatment of pet area. Retreat as necessary.

To kill ticks, roaches, silverfish, earwigs, and ants in the home [garage] [attic] [apartment][hotel], apply directly to pests.

Bed Bugs: Thoroughly inspect areas of suspected bed bug infestation and note potential or actual sites where bed bugs hide. [(For professional use products) -Instruct residents to] Remove or pick up clothing and other obstacles that prevent thorough inspection or treatment. Remove and sanitize infested bedding, clothing, or other items. **Do not apply to bedding. Wash bedding and dry using medium to high heat to kill bed bugs.**

Apply [brand name] to areas where bed bugs live, especially hidden sites. Apply thoroughly as a spot, crack and crevice, or surface application. Focus applications to hidden sites such as behind dressers, cove base, under carpets and furniture, inside and on box springs, under beds, behind mirrors and pictures, and other locations where bed bugs hide.

Apply as a surface application to carpeting, drapes, and flooring at the rate of ¼ fl oz/3 ft² (about 8 pumps). Apply [Brand name] directly to mattresses, **do not saturate the mattress**, focus applications on seams and folds. Allow mattress to dry thoroughly before replacing bedding.

STORAGE AND DISPOSAL: Pesticide Storage: Store in original container away from children. Protect from freezing or high temperatures. **Container Disposal:** Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
