Dear Ms. Parker:

Subject: Formulation and Labeling Amendment Submitted with Your  
Letter Dated 5/13/92  
EPA Registration No. 2724-426

The amendments referred to above, submitted in connection with  
registration under the Federal Insecticide, Fungicide, and  
Rodenticide Act are acceptable subject to the following comments.

1. Your Confidential Statement of Formula dated 6/9/92 will, subsequent to your receipt of this letter and precluding any future formulation amendment approvals, be the basic and only Confidential Statement of Formula used in formulating this product.
2. Modify the Hazards to Humans and Domestic Animals statements on the label by adding the following language, "May cause eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling."
3. Item 3 of the notice of registration dated 5/29/92 is no longer applicable due to the subject formulation change.

A stamped copy of the label is enclosed for your records. Submit five (5) copies of the final printed labeling. Your release for shipment of the amended formula and label constitutes acceptance of these conditions.

Sincerely  

Phil Hutton

Precor® is an insect growth regulator and is used to control adult fleas on your pet, use { } flea control product {e.g., collar, spray, dip} with this collar. Zoecon RF-372 Collar is sp... kills flea eggs before they hatch.

**PRECAUTIONARY STATEMENTS - HAZARDS TO HUMANS AND DOMESTIC ANIMALS:** Do not open protective pouch until ready to handle this collar.

**DIRECTIONS FOR USE -** It is a violation of law to use this product in a manner inconsistent with its labeling.

Buckle collar around {dog's} {puppy's} neck. Insert collar through buckle hole and tighten around neck. When two ridges are covered by the buckle. The ridges molded into the collar, the probability of collar failure is reduced. Collar should be worn continuously. Attach collar so two or three fingers may be inserted between collar and {dog's} {puppy's} neck. Cut collar to dispose of it. When collar is first worn, it may cause 1-3 days for irritation. Remove collar at first sign of adverse reaction. {To release the collar, insert thumb and finger and pull sharply.} Washing will decrease the effective life of the collar.

{Since both the expandable section and the buckle are made of plastic, the probability of neck irritation is reduced.}

**STORAGE AND DISPOSAL:** Store in original container away from children. Do not reuse container. Empty container put in trash.
