NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Permethrin [(3-Phenoxyphenyl) methyl] (+)	
cis-trans-3-(2,2-dichloroethenyl)-2,2-dimethylcyclopropanecarboxylate	0.25%
(S)-Hydroprene [Ethyl (2E,4E,7S)-3,7,11-trimethyl-2,4-dodecadienoate]	0.30%
INERT INGREDIENTS	99.45%
TOTAL	100.00%

Non-Flammable

KEEP OUT OF REACH OF CHILDREN

CAUTION

See back Panel For Additional Precautionary Statements

NET CONTENTS: 12 oz. (340 g)

GENCOR is a trademark of Sandoz Ltd.

This product contains GENCOR^R Insect Growth Regulator. It inhibits roaches' natural ability to reproduce, future generations, and an ingredient (adulticide) that kills the formula reaches roaches through cracks and crevices to kill them.

One to two weeks after application you will begin to see - showing the effects of GENCOR. These roaches cannot reproduce and are prevented from developing into reproductive adults, thus breaking the roach life cycle.

Use Zoecon RF-375 Aerosol to kill adult roaches and their ability to reproduce future generations. Zoecon RF-375 Aerosol every 4 months to maintain continuous protection.

Zoecon RF-375 Aerosol is also effective in controlling fleas. It effectively breaks the flea life cycle by preventing the fleas from developing into adults.

Zoecon RF-375 Aerosol leaves no bad smell, no sticky residue, and does not stain furnishings.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION: May be harmful if contact with eyes, skin or clothing. Harmful if swallowed. Avoid contact through the skin. Avoid breathing mist. Do not apply to food or feed.

Avoid contamination of food and foodstuffs. Do not use in food processing plants, restaurants, or other areas where food is prepared, processed or stored. Do not use in serving areas.

STATEMENT OF PRACTICAL TREATMENT: If in eyes - Flush with water and seek medical attention if irritation persists. If inhaled - Apply artificial respiration if indicated. If on clothing and wash affected areas with soap and water. If on skin, wash with soap and water.

PHYSICAL AND CHEMICAL HAZARDS: Contents under pressure. Do not heat or open flame. Do not smoke in use area. Do not use in confined container. Exposure to temperatures above 130°F may cause container to rupture.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Apply the Zoecon RF-375 Aerosol to the areas of the kitchen where roaches hide and the areas of major roach activity. This includes baseboards, beneath and behind sinks, stoves, refrigerators, plumbing, behind drawers and the inside of cabinets and drawers.

For flea control, Zoecon RF-375 Aerosol should be applied with a sweeping motion to carpets, rugs, drapes, and upholstered furniture and carpeting. A fine mist or spray is all that is needed.

Cover or remove exposed food, dishes, utensils, food handling items before treatment.

[One can will treat the average size kitchen and bathroom]
