Heather Friedli
Regulatory Affairs Specialist
Wellmark International
1501 E. Woodfield Rd Suite 200W
Schaumburg, IL 60173

Subject: Non-PRIA (Pesticide Registration Improvement Act) Labeling Amendment
– accepting removal of following FIFRA Non-compliant label language:
on page 1 of the label: *“or as an animal drug regulated by the Food and Drug Administration (FDA)”* and on page 2 of the label, in the Directions for Use section: *“[or animal drug]”* and *“[or FDA]”* as directed in the U.S. Environmental Protection Agency letter of 11/17/2022 and updating Storage and Disposal Section of the label.
Product Name: (S)-Methoprene Technical
EPA Registration Number: 2724-442
EPA Receipt Date: 06/14/2023
Action Case Number: 00453211

Dear Ms. Friedli:

The amended labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable.

This approval does not affect any terms or conditions that were previously imposed on this registration. You continue to be subject to existing terms or conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. The next label printing of this product must use this labeling unless subsequent changes have been approved. **You must submit one (1) copy of the final printed labeling before you release this product for shipment with the new labeling.** In accordance with 40 CFR § 152.130(c), you may distribute or sell this product

from the date of this letter under the previously approved labeling until existing stock is depleted **provided the unacceptable label language noted below is stickered over.**

- on page 1 of the label: *“or as an animal drug regulated by the Food and Drug Administration (FDA)”* and
- on page 2 of the label, in the Directions for Use section: *“[or animal drug]”* and *“[or FDA]”*

Affixing a sticker to a container is considered labeling and therefore production as defined in 40 CFR 167.3. Further, 40 CFR 167.20(a)(1) requires any establishment where production occurs to be registered. Affixing a sticker must take place in a registered establishment and must follow all requirements of FIFRA (including FIFRA section 7, 7 U.S.C. 136e, and 40 CFR Part 167 (e.g., relabeling must occur in an EPA registered establishment and relabeling activity must be reported). The sticker itself must meet labeling requirements under 40 CFR Part 156.

Once existing stock is depleted, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR § 152.3.

Should you wish to add/retain a reference to your company’s website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the U.S. Environmental Protection Agency (EPA or the Agency). If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA’s Office of Enforcement and Compliance Assurance.

Your release for shipment of this product constitutes acceptance of these terms. If these terms are not complied with, this registration will be subject to cancellation in accordance with FIFRA section 6.

Enclosure – Stamped Label

ACCEPTED

06/13/2024

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No. 2724-442

(S)-METHOPRENE TECHNICAL

An Insect Growth Regulator
For Manufacturing Use Only

[This product may be formulated into an insecticide regulated by the Environmental Protection Agency (EPA)]

Alternate Brand Names: PRECOR® [VIGREN®][Eggbusters™][ALTOPRENE® EU] INSECT GROWTH REGULATOR

ACTIVE INGREDIENT:

(S)-Methoprene (CAS #65733-16-6)..... 94.0%

OTHER INGREDIENTS: 6.0%

TOTAL 100.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION

See side panel for additional precautions

Net Contents: 5.73 Gal

Gross Weight:

EPA Reg. No. 2724-442

EPA Est. No. 71858-KS-1

Lot No.

Product No.

[Read the label and ensure that you fully understand it before using the product]

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

FIRST AID	
If in Eyes	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact the Zoecon consumer support line Monday through Friday from 9:00am to 5:00pm Eastern Time at 1-800-248-7763 for emergency medical treatment information.	

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This pesticide [active ingredient] may be used only for formulation of an insecticide. Products formulated with this product must be registered by the EPA.

For formulation into end-use products intended only for agricultural crops, ornamental plants and forest trees, processed or manufactured products, food or feed containers or dispensers, pets and domestic animals, animals and their man-made premises, household, aquatic sites, noncrop, wide area and general indoor/outdoor treatments, commercial and industrial uses, domestic and human use.

STORAGE and DISPOSAL: Do not contaminate water, food, or feed by storage or disposal.
Storage: Store at room temperature. Avoid excessive heat (40° C; 104° F). **Pesticide Disposal:** Wastes resulting from this product may be disposed of on site or at an approved waste disposal facility. **Container Handling:** Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into equipment or a mix tank or store rinsate for later disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. (For containers 5 gallons and over) Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Offer for recycling if available or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

WARRANTY AND CONDITIONS OF SALE

Seller warrants that the chemical composition of this product conforms to the chemical description on the label and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. To the extent consistent with applicable law, Seller makes no other warranty, express or implied, concerning the use of this product other than as indicated on the label. To the extent consistent with applicable law, Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given on the label.
